

5 incumbents to announce candidacies

By GARY SCHNEIDER
of the Press-Record

A political ticket of incumbent Granite City and Granite City Township officials has been formed and will be officially announced at a gathering tonight at Charlie's Restaurant, the Press-Record has learned.

The new ticket links Mayor Paul Schuler, City Clerk Robert W. Stevens, City Treasurer Nick Petrillo, Township Supervisor Nelson Hagnauer and Township Assessor Von Dee Cruse, all seeking re-election to their respective offices, according to initial indications.

The ticket will not be "finalized" until tonight's event, termed a "political happening" in invitations sent to numerous area officials and residents.

Schuler's official announcement that he is seeking re-election for his third consecutive term as mayor comes only two weeks after Daniel Partney announced that he will run for mayor with William Hebert, a

fireman, on the Partney ticket for city treasurer. Partney is the son of former mayor Don Partney Sr., who is now deceased.

NELSON HAGNAUER

Experience is cited by the incumbent candidates, who will have a combined total of 56 years of experience in their current posts by the time the April city and township election occurs.

BOB STEVENS

Hagnauer heads the list with 19 consecutive years as supervisor of Granite City Township. He also has been chairman of the Madison County Board for the past five years.

VON DEE CRUSE

Cruse follows with 15 years as assessor, having served from 1958 to 1966, and then being elected again in 1973. He has held the post since then.

NICK PETRILLO

Stevens has been the city clerk continuously for 10 years, but served as city comptroller before that. His family has had a lock on the clerk's office for generations. Schuler has eight years of experience in the mayor's post, having served the last two consecutive terms. He also was an alderman in the city's Sixth Ward from 1969, until being elected

Lia Salem wins pageant

Miss Lia Lynn Salem, daughter of Mr. and Mrs. Terry Salem and a student at Granite City High School North, was selected Sunday night as Granite City's Junior Miss.

Miss Salem was among 21 senior girls competing for the honor at Memorial Auditorium on the campus of Granite City High School South.

Lia also won four of six awards presented to the contestants for various segments of the competition prior to the

announcement of the four runners-up and the winner. She received trophies for scholastic achievement, youth fitness competition, poise and appearance and the creative and performing arts segment of the competition.

The four runners-up were: Lila Hudson, first runner-up; Mary Pennell, second runner-up; Janet Fox, third runner-up; and Karen Spencer, fourth runner-up.

Also presented special awards during the program were Miss Hudson for the judges' interview and Laura Chappell received the Spirit of Junior Miss award.

Lia is a member of the National Honor Society, Thespian Speech Club, Miners, Peppermint Players, Social Studies Club and the North Student Council.

For the creative and performing arts segment, Lia presented a jazz dance routine. She is presently a member of the St. Louis Civic Ballet Company and has attended modeling school.

Miss Salem will advance to the Illinois Junior Miss state finals in Bollingbrook, Ill., scheduled for Dec. 6 and 7.

Entertainment for the evening included Heather, 14, and Holly, 6, daughters of Mr. and Mrs. Phil Smith of Maryland Heights, Mo. Holly, winner of 32 trophies and several titles in twirling and sprouting already at her young age, performed a dance routine and her sister, holder of 50 titles and more than 500 trophies in twirling and strutting

City may sell block to dairy

Granite City officials may attempt to sell a portion of Adams Street between Niedringhaus Avenue and 19th Street to Prairie Farms Dairy, Inc., which is planning to construct a new 10,000 square-foot warehouse across Adams Street from the company's present building at that location.

The company had asked the city for permission to remove or replace 520 feet of curbing and gutters from Adams Street, so trucks can drive between the present docks and the proposed warehouse location. Prairie Farms would do the work, it is specified.

It also was noted that the dairy now owns both sides of Adams Street and would agree to maintain two-way traffic and proper drainage during and after construction of the warehouse, according to Don Thompson, plant superintendent.

City Engineer Monroe Brewer said he feels the city should consider vacating that block of Adams Street for the dairy, "because it's going to be closed anyway, because of the (19th Street) overpass. Once the overpass chaps that block off, no one is going to be using it, except Prairie Farms, anyway."

Alderman Lloyd Bailey of the Fifth Ward objected to the proposed destruction of the curbs and gutters, stating, "We just fixed the curbs there."

Brewer agreed, but supported the dairy's plan, saying, "I don't see any problems. It will be a dead end. Alderman Sam Whitmer of the Second Ward then suggested, "The city should try to sell it. Then we will be out from under maintaining the street."

That land has value and we should be paid for it." City Attorney John Papa said he feels the city could legally sell that block of Adams Street to the dairy, "If you get

Establish new center here for alternative education

By VALERIE EVENDEN
of the Press-Record

The Alternative Education Program, operated by Coordinated Youth Services at 7254 Niedringhaus Ave., has received a \$25,000 grant from the Southwestern Illinois Law Enforcement Commission to establish the Southwestern Illinois Alternative Education Center here.

David W. Morgan, president of the CYS board of directors, was notified last week by John O. Ellis, SILEC executive director, that the grant had been awarded.

C. A. "Bud" MacMillan, CYS executive director, said the grant primarily will fund a special pilot study to "investigate and draw together different aspects of Alternative Education programs, now in existence in various localities in Illinois." Donna Daisy will serve as project coordinator, MacMillan said.

The local center also will function as a teacher training site to prepare teachers and student teachers to operate alternative education rooms in their schools.

A Title IV-C grant for \$5,000 also has been awarded to the program for in-service teacher training, MacMillan said.

Additionally, the Granite City facility will serve as a regional resource center to research and disseminate

curriculum and strategies which have proven effective in alternative education.

Recent educational literature indicates that non-traditional educational programs tailored to the needs of students whose educational careers have been marked by academic failure and/or disruptive conduct, can increase educational success, and thereby forestall delinquent behavior, it was noted.

MacMillan said that a great many alternative education programs have been implemented in Illinois in recent years, including the Alternative Education Program at Coordinated Youth Services in Granite City.

These programs, however, have varied a great deal in the success of their efforts to provide the quality of service that was intended, the CYS director said.

He explained that, generally, the programs have operated independently, with no organized effort to bring together their collective knowledge regarding effective curriculum and strategies.

Few formalized programs exist for the specific purpose of training teachers or student teachers to work in alternative education programs, it was learned.

The project will address itself to these problems and others by undertaking the creation of the Southwestern Illinois Alternative Education Center here.

Miss Daisy said the goals of the center will be to establish a basis for

BILLOWING SMOKE rises from a flame-engulfed warehouse at the Granite City Steel South Plant, formerly General Steel Industries, Friday afternoon. The fire in the old abandoned warehouse was called in at 1:30 to the Granite City Fire Department which responded and remained at the scene for nearly two hours. Despite gusty winds, the firefighters were able to contain the fire to the one-story frame structure which was no longer in use. Cause of the blaze is undetermined. Nat'l Business Women's Week

By VALERIE EVENDEN of the Press-Record
A legislative night dinner meeting, fashion show and an educational seminar, entitled "Women Involved Day," are just three of the programs planned this weekend and next week by the Granite City Business and Professional Women's Club.

The series of activities, which also involves senior citizens, a membership drive and church attendance, serves to celebrate National Business Women's Week. To honor business women in the Quad-Cities, the mayors of the four communities signed a proclamation last week, urging "all citizens in the area, all civic and fraternal groups, all education associations, all news media and other community organizations to join in this salute to working women by encouraging and promoting the achievements of all business and professional women as they contribute daily to our economic, civic and cultural purposes."

The official document was signed by Granite City Mayor Paul Schuler, Madison Mayor Mike Sasyk, Venice Mayor Tyrone Echols and Pontoon Beach Mayor Paul L. Bennett.

Mrs. Rosalie Stern of Madison, president of the Granite City Business and Professional Women's Club, in announcing the issuance of the proclamation, said the

week's events will encompass a wide range of programs designed to interest women of all ages.

Jan Livingston is serving a program coordinator for the entire week, Mrs. Stern said. Launching National Business Women's Week will be the 13th annual "Fashions for the Involved Family Show," scheduled at 2 p.m. Sunday, Oct. 19, in the Granite City Township Center, 2000 Delmar Ave.

Mrs. Rita Hardy, wife of KMOX Radio's Bob Hardy and a former professional singer and hostess for Trade and Fashion shows, will serve as commentator.

Tickets may be purchased at the door, or by calling 482-7529.

Other activities during the week, include attendance by BPW members at the Tuesday, Oct. 21 meeting of the City Council of Granite City.

"Legislative Night" dinner meeting, Wednesday, Oct. 22, starting at 6:30 p.m. at Charlie's Restaurant, when special guests will include state legislators, among others.

Thursday, Oct. 23, participation by members in the annual installation dinner of the Tri-Cities Area Chamber of Commerce at Sunset Hill Country Club.

On Friday, Oct. 24, club members will conduct a membership drive at the Granite City Trust Bank from 9 a.m. until 2 p.m. and from 4 p.m. until 6 p.m., by offering bank patrons coffee, cookies and literature, the latter explaining the advantages of BPW affiliation, Mrs. Stern advised.

The Women Involved Day seminar is scheduled Saturday, Oct. 25, from 9 a.m. until 2:45 p.m. at the

Granite City Township Center, featuring Jane McCarrey of Villa Grove, Ill., a past president of the 170,000-member National Federation of Business and Professional Women, as the keynote speaker.

A panel discussion during the morning hours will include representatives from several area agencies, with Sally Jo Burton of the Collinsville Herald serving as moderator.

On the same day, local BPW officers will attend the 25th anniversary dinner of the Collinsville BPW Club, Mrs. Stern said.

At 9 a.m. Sunday, Oct. 26, members of the Granite City club will accompany Mrs. Stern to services at St. Mary Catholic Church in Madison, followed by a fellowship breakfast.

The 10-day schedule of events will conclude Tuesday evening, Oct. 28, with a special program of games and entertainment for senior citizens, commencing at 6:30 in the Anchorage Homes recreation area.

The proclamation issued by the Quad-City mayors further states in part: "Whereas working women constitute 43 million of the nation's work force and are constantly striving to serve their communities, their states and their nation in civic and cultural programs, and

"Whereas major goals of business and professional women are to help create better conditions for business women through the study of social, educational, economic and political problems; to help them be of greater service to their community; to further friendship with women

through the world, and "Whereas all of us are proud of their leadership in these many fields of endeavor,

Now, therefore, we do hereby proclaim Oct. 19 through Oct. 25, 1980, as National Business Women's Week."

Open house Tuesday at Emerson school

Emerson School will hold its first PTA meeting in conjunction with an open house on Tuesday. The open house will begin at 7 p.m., with the meeting following in the school cafeteria.

The speaker will be North High School Principal Gilbert Walmsley, who will discuss the upcoming bond issue for funds to repair the schools.

At a PTA board meeting held last week, a membership drive was discussed. It was noted that a \$10 prize will be awarded to the classroom with the highest percentage of parents joining the PTA.

The by-laws were updated and will be voted on Tuesday, Barbara Mitchem, candy chairman, will announce that candy sales will be held from Nov. 17 to Dec. 5.

Teachers and PTA board members will serve refreshments at the Tuesday meeting.

Magicians to stage 'Magic Week' shows

Area magicians will present a series of performances during the week of Oct. 27 to Nov. 1 in observance of "National Magic Week," according to Granite City magician John W. Apperson.

The local prestidigitator said the week-long celebration is set each year during October in honor of Harry Houdini, the renowned illusionist, who died Oct. 31, 1926. Houdini was the founder of the International Society of American Magicians which sponsors the celebration.

Apperson, a Granite City police officer, and Gary Reston, also a Granite Cityan, are members of the society's Assembly 8 of St. Louis. The 100-member group includes several prominent St. Louisans.

Apperson served as assembly president in 1972 and in 1979, and was a regional vice-president of the society in 1973.

Starting "Magic Week" events will be a public show at St. Clair Square Shopping Center on Oct. 27, featuring various magicians.

On Oct. 28, members of Assembly 8 will perform for senior citizens at the Oage School in Kirkwood, Mo., and repeat their public show at Jamestown Mall in St. Louis County on Oct. 29.

The "sorcerers" will captivate youngsters with appearances at Shriner's Hospital for Crippled Children on Oct. 30.

The week will climax with

the "Fall Festival of Magic" at Webster Groves (Mo.) High School auditorium on Saturday, Nov. 1, the only event for which tickets, costing \$3.50 each, must be purchased.

Many widely-known magicians will be featured in the festival, including Neil Foster of Colon, Mich. Colon is known as the "Magic Capitol of the World." Apperson also will be on the show bill.

None of the magicians receives compensation for appearances during the week. Proceeds from the festival are contributed to the assembly's special fund, the local magic-maker advised.

To honor all magicians, St. Louis Mayor James Conway and St. Louis County Supervisor Gene McNary have signed documents officially proclaiming the week "Magic Week" in their respective areas, Apperson said.

Club addressed by Madison High School students

Citizenship, scholarship and leadership are being fostered among Madison High School students, Madison-Venice Rotarians were told at their weekly luncheon.

Speakers were Lee Ashby of the MHS faculty, Matthew Thomas, National Honor Society president who has been honored by the National Merit Scholarship Corporation, and Terri Smith, president of the Future Secretaries of America.

Other students present at the Rotary meeting were June Bosworth, Carla Brooks, Eddie Forister, Patricia London, Dave Moschegia, Denise Pingel, Jeffery Robinson and James Woodson.

The delegation included leaders from the yearbook staff, Industrial Arts Club, Foreign Language Club and Student Council as well as the secretaries and honor society.

Thomas described National Honor Society criteria, and Miss Smith outlined Future Secretaries activities.

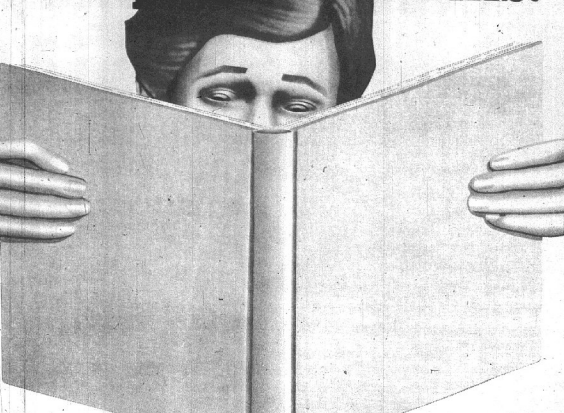

Ashby, who was introduced by Assistant Madison Supt. Wade James, reviewed cooperative educational programs at Madison High and in special classes.

President Frank Kieraki presided and it was announced that a "ladies' night" Rotary gathering is planned for Oct. 21 at the Mansion House Center.

The annual Madison-Venice Rotary picnic is planned Nov. 5 at Lee Park, Venice.

It was noted that the Madison-Venice Junior Achievement program is beginning its 1980-81 year.

Arrest in robbery of GC resident

A 15-year-old Caseyville youth was arrested last week by Collinsville police in connection with the armed robbery of Harvey Gordon, 54, of Granite City. The youth was turned over to juvenile authorities; a petition was expected to be filed charging him with armed robbery.

According to police, Gordon left Bill's Tavern, 306 E. Main St., Collinsville, and gave a ride to an unidentified man who said he was trying to get to Caseyville. As they approached Main and Jefferson, the passenger produced a small knife and asked Gordon for his money. Gordon gave him his wallet, which he thought contained about \$100. The suspect fled on foot. A youth matching that description was later picked up and had \$60 in his possession.

Slimettes class is starting here

The Granite City Park District will be sponsoring a Slimettes exercise class for women 16 years or older. Classes will meet Tuesday evenings, starting Oct. 14, from 7:30 p.m. until 9 p.m. and on Thursday mornings from 9:30 a.m. until 11 a.m., starting Oct. 16. Slimettes will meet at the Nameki Recreation Center.

The class is great for those beginning an exercise program and for those reinforcing their old one. The best part of the class is exercising with others.

There is no charge for park district residents. Non-resident must pay \$15. Registration is under way at the Wilson Park Office. Proof of residency is required.

Baptist visit St. Louis arch

Members of Bethesda Baptist Church toured the St. Louis riverfront, including a visit to the Gateway Arch and museum last week.

The group also viewed a documentary on the building of the arch and visited the "floating" McDonald's Restaurant.

They then proceeded to the Baskin-Robbins store in Granite City to celebrate the 12th anniversary of the store.

Those attending included: Albert and Helen Meredith, Margaret Meredith, Richard Meredith, Gaylon Harris, Conroy and Linda Knight, Brenda Knight, Tami Knight, Eva Barrows, Viola Hoffman, Pearl Ellis, Charles Vincent, Charles and Anna Rainwater, the Rev. and Mrs. Luther Abbott, Margaret Luffman, Boyd and Iva Lee Butler, Lisa Butler, Charles and Sandy William, Stacey Garrett, Mary Lou Sullivan, Sanford and Yvonne Cagins, Pam, Chip, Scott and Kim Ushaw, Joe Needham and David Holmes.

upgrading existing alternative education programs and to insure the quality of existing and future programs.

A key activity within the program will be to meet with teachers in area schools, tell them what we are about and what services we provide," the project coordinator explained.

At the present time, there are about 100 high school age youth from the Quad-City area enrolled in the alternative education program at the Granite City Center. Prior to the summer break, in excess of 200 young people were attending classes at the center.

Teachers from all three local school districts are expected to benefit from in-service training, the purpose of

which is to impart information necessary in order to recognize and identify students in need of alternative educational services.

Miss Daisy also will make on-site visits to other alternative education centers throughout the state to acquire first hand details of their programs, MacMillan said.

The Department of Education at Southern Illinois University at Edwardsville is planning to implement new courses designed to expand teacher training in the areas of alternative forms of education, it was learned.

Miss Daisy has worked with the local alternative education center program here for eight years. In the past seven weeks, she has met with the top ad-

ministrators of all three local school districts, Madison County Educational Region Superintendent Harold Briggs and his curriculum coordinator, Owen Humphrey, to discuss plans for the new program.

She also has attended work sessions with state public education authorities and educators at SIUE and Western Illinois University in Macomb.

In the planning stage at present is a "Statewide Conference on Options in Alternative Education," tentatively scheduled at SIUE in April, 1981.

The conference is just one part of a comprehensive program to update and improve alternative education, and thereby increase its value to young people who can most benefit from this service.

fair value for it and then vacate the street."

On a motion, by Alderman Mack Warfield of the Sixth Ward, the city council voted to refer the issue to the legal department, which should inform

Prairie Farms that the city is willing to sell that block to the dairy.

The 19th Street overpass referred to is under construction between West Granite and the downtown area, and is unused land.

Officials report it is several weeks ahead of schedule.

The area where Prairie Farms plans to construct its new warehouse is now occupied by a recycling center, a lot and unused land.

CASE IS DISMISSED
An April 23 forgery charge against Walter E. Baehler, 26, of 2436 rear E. 24th St., has been dismissed by Circuit Judge A. A. Mateosian on a motion by the state's attorney. The charge related to \$551 and \$487 checks allegedly used in purchasing an auto.

Sentenced in stabbing

William D. Fancher, 19, of 2460 Sheridan Ave., has been sentenced by Associate Judge John W. Day to nine months in prison for unlawful use of a weapon, and to two years of probation for aggravated battery occurring July 26.

He was charged in connection with the stabbing of Kevin Woodruff, 19, of the 2400 block of E. 23rd Street. Woodruff was hospitalized in fair condition after being stabbed with a knife nine times, including an abdominal wound, during a fight outside Sambo's Restaurant. The other wounds were to the back, right side, left side and left forearm.

Take bass boat motor, trailer

A 16-foot bass boat, a 115 hp Mercury motor and a boat trailer were stolen from the home of William Hunt, 2837 Circle Drive, he reported last week.

The trailer had been chained and locked to a truck, and the house and the thieves had cut open a padlock after failing to smash the chain.

In addition to the boat, motor and trailer rig, which was covered with a gray-brown canvas, also stolen were an electric trolling motor, battery, depth finder, fishing gear, life jackets and ski equipment, the owner said.

Health assembly will elect board

The fifth annual meeting of the General Assembly of the Greater St. Louis Health Systems Agency will be held Wednesday, Oct. 15, at Stouffer's Riverfront Towers at 5 p.m. The meeting is free and open to the public.

Thomas Higgins, deputy assistant to President Carter, will be the featured speaker. Higgins, a former principal regional official for the Department of Health and Human Services, Region Seven, also serves as deputy secretary to the Cabinet.

Seventeen Missouri and Illinois residents will be elected to the agency board of directors at the meeting. Voting will begin at 6:30 p.m. following a "meet the candidates" reception in the Missouri Room at 5 p.m.

Only registered members of the General Assembly will be eligible to vote.

APARTMENT IS BURGLARIZED
Donna Hunter of 2405 Kirkpatrick Homes, discovered her apartment had been ransacked when she returned home last week.

Entry was gained by taking out the screen in the kitchen window, and crawling through the opening. Listed as stolen were a Presto burger maker, hot dogger, Mr. Coffee, a ladies wristwatch, diamond post earrings and costume jewelry with a total value of \$148.

EVACUATION of a seriously injured victim from a simulated auto accident scene was demonstrated at the Long Lake Volunteer Fire Department's open house celebration in Pontoon Beach. Placing the victim in the Medical Air Rescue Corps (MARC) copter to airlift him to a trauma center, from left to right, are Dave Dickerson and John Miller, both junior firemen.

Captain Al Burton, Danny Kreher, Assistant Rescue Chief Dave Johnson and Skip Parmley, a nurse who arrived with the St. Louis helicopter, partially visible in the center of photo, administered cardiopulmonary resuscitation, along with a Long Lake Emergency Medical Technician, to stabilize the "injured" man prior to airlifting.

Objectors to promotion find themselves on new committee

By GARY SCHNEIDER
of the Press-Record

Four Granite City aldermen who voted against the promotion of a manpower employee to the post of air pollution control inspector with a 32 percent increase in his salary, suddenly found themselves appointed to an ad hoc committee to study the city's hiring policies at the last meeting of the council.

Jeffrey Reiter was appointed air pollution inspector, effective Oct. 15, at a salary of \$13,200 per year, an increase over the \$10,000 per year he received as a manpower employee in the street department.

Decatur said he feels that Reiter should be paid the

same rate of pay by the city he has received as a manpower employee, until he has worked on the city payroll one year. Then he should qualify for a reasonable pay increase, Decatur said.

Paul Case, head of the air pollution control department, explained that Reiter is filling the vacancy created when Leonard Fowler resigned to return to college. Reiter will receive the same rate of pay as Fowler did, because that is the amount budgeted for that job, he said.

The budget has to be approved by the federal and state Environmental Protection Agencies, and paying Reiter a different salary than is budgeted would necessitate renegotiating the agreement with the EPA's, she explained.

She also said that Reiter's

appointment and new salary have been approved by the city's Air Pollution Control Board (APCB).

That angered Alderman Sam Whitmer of the Second Ward, who said the APCB does not run the city or set salaries. He said the issue should have been taken through the proper city council committees before being brought on the council floor.

Mayor Paul Schuler said Reiter's appointment is "like all my appointments. In the absence of a guideline, and the council has never given me any, what alternative do we have?"

Whitmer responded, "Just because the money is in the budget, that doesn't mean we have to spend it. I don't agree with it."

When the vote came on Reiter's appointment, eight aldermen voted in favor and Decatur and Aldermen Lloyd Bailey, Margaret Nunn and Paul Ray Bowler voted against.

Schuler then appointed those four to an ad hoc committee to study the city's hiring policies. Only Alderman Roy Paulos voted against creating the committee.

Absent from the meeting were Aldermen Fred "Pat" Schumacher, Charles Douglas and Earl Baker.

INJURY LAWSUIT FILED BY WORKER

Charles E. Lands is seeking \$100,000 each from Granite City Steel, Thomas Byrnes as project supervisor and engineer, and Serstel Corp., a general contractor for construction work at the coke plant.

His Madison County Circuit Court suit alleges that on Nov. 27, 1979, while working as a construction boilermaker for a subcontractor, 5-Star Engineering & Mechanical Co., Lands was unloading and placing parts and materials. He asserts he twisted his knee when he stepped on a 2x4-inch board.

City studying sewer rate proposal

An agreement between Granite City and the Madison County special services committee has submitted copies of the proposal to city officials to study.

A meeting is to be called in about two weeks to discuss the detailed proposal and attempt to resolve the treatment fee, which has been keeping numerous Nameoki, Chouteau and Venice township residents from hooking their home sewers into the new sanitary sewers.

Sections of the sewer already accepted by the county and the EPA, stretching from the Granite City Army Installation to the Mitchell area, at this time, could be put into immediate use, as soon as it is determined how much Granite City will charge the users for treating the sewage, officials said.

COLUMBUS DAY

October 13th reminds us of our courageous ancestor who added new real estate, new riches and a new dimension to the known world.

It also reminds us that in 1980 anyone can discover that their future holds a greater promise if they spend a little less than they make.

Today, it takes a genuine effort and some real courage to save money, but it pays off in peace of mind, self respect and security in the future. Come save with us.

GC police take honors in nat'l revolver meet

By VALERIE EVENDEN
of the Press-Record

Seven Granite City police officers competed in the National Police Revolver Championships in Jackson, Miss.

A total of 600 law enforcement officers from the United States and Canada took part in the four-day meet, firing under cloudy skies and intermittent rain for numerous trophies in team and individual matches.

Granite City Police Sergeant Dennis Joyce fired 1,443 points out of a possible 1,500 points to take third place—Sharpshooter in the national revolver championships. The local sergeant was bested by one point by Richard D. Evans of the Toronto (Canada) Metropolitan Police Department, who fired 1,444 points.

First place honors went to Roy Bliss of the Wichita (Kansas) Police Department who scored 1,451 points. Sgt. Joyce also won first places in Match Three and Match Four, scoring 236 points

and 233 points, respectively, out of a possible 240; a second place award in Match Two, firing 176 points out of a possible 180; and a fourth place award in Match Five, scoring 272 points out of a possible 300 points.

Detective Sergeant Don Knight, competing in the Expert Class, captured a third place award in Match Two, firing 179 points with 11 bullseyes (10-11X) out of a possible 180 points.

Detective Kerry Pomeroy, who competed in the prestigious Master Class, was awarded a trophy in Match Four, scoring 236 points of a possible 240.

Officer Robert Knezevich, competing for his first time at the National Revolver Police Championships, in the Sharpshooter Class, captured third place in Match Three (50-yard line), firing 225 points out of a possible 240.

Total scores of the five matches for a possible 1,500 points, with the shooting classification shown following the of-

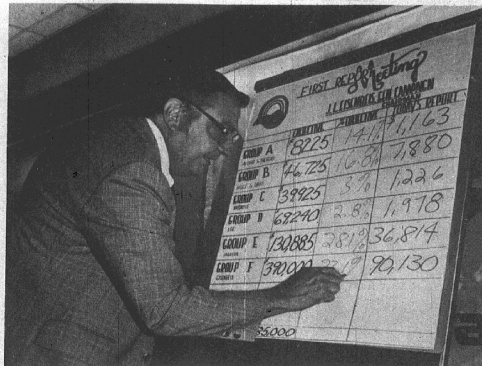

ficer's name and bullseyes noted by the letter "X" were:

Pomeroy (Master), 1,448-71X; Knight (Expert), 1,430-66X; Joyce (Sharpshooter), 1,443-52X; Knezevich (Sharpshooter), 1,406-40X; Koberna (Sharpshooter), 1,388-39X; and Officer Fred Hoffman (Sharpshooter), 1,384-38X.

Lieutenant Colonel George C. Teller, who accompanied the team members to Jackson, competed in the Marksman Class, firing 1,106 with 19 bullseyes.

The Four-Man Sharpshooter Team, consisting of Sgt. Joyce (583), Det. Sgt. Knight (679), Sgt. Koberna (540) and Officer Hoffman (516), fired a total of 2,218 points to place third in National Team competition.

The Two-Man Team of Det. Pomeroy and Officer Knezevich, firing 586 and 568, respectively, for a total score of 1,154 points out of a possible 1,200, was awarded an Expert Team trophy.

Motorcycle riding course

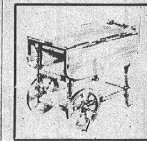

Free motorcycle riding classes will again be offered at Belleville Area College in cooperation with Southern Illinois University-Carbondale and the Belleville Area Motorcycle Dealers Association.

A weekend class is planned, Oct. 10, 11 and 12 and Oct. 17, 18 and 19. The class will provide 20 hours of instruction, including 12 hours on the cycles. Motorcycles, helmets, and insurance are provided.

Anyone 15 years of age, with or without a driver's license, may register for the classes that will run from 5 to 9:30 p.m. on Fridays and from 9 a.m. to 5:30 p.m. on Saturdays and Sundays. Carol Hudack will accept registrations by calling 1-235-2700, extension 201. Enrollment in each class is limited.

United Way reaches 20% of goal

Twenty percent of the \$685,000 goal set for the 1980 fall campaign of the United Way has been reached thus far, it was announced at the first report meeting at the YMCA.

The total collected through noon Tuesday was reported as \$139,191. A breakdown of that total shows Division "A" with a total of \$116, or 14 percent of its division goal. This group solicits the service clubs, organizations and selected individuals.

Other first-week reports were: Div. "B" (professions and private non-profit organizations)—\$7,880; Div. "C" (government employees)—\$1,266; Div. "D" (business and commercial)—\$1,978; Div. "E" (industry, construction and transportation)—\$36,814; and Div. "F" (a special division headed by General Chairman James Eisenbeis)—\$90,130.

It was announced by Eisenbeis that a corporate gift of \$8,000 from the local A.O. Smith facility has been pledged, despite the closing of the auto frame plant on Sept. 30.

Eisenbeis said that he approached the corporate gift, due to the excellent record of support in the past.

Last year the company gave a \$16,000 pledge to the local UW campaign. Also pledged this year is the A.O. Smith employees' United Way fund, which is in excess of \$14,000. This makes a total of more than \$22,000 from the auto frame plant, which ceased operations a week ago.

Gold Awards for 100 percent participation were presented to representatives of five United Way agencies. This award signifies that

every employee of the individual agencies has made a pledge this year. The five agencies are the Cabokia Mound Council of the Boy Scouts of America, Madison County Urban League, Salvation Army, Granite City Chapter of the American Red Cross and Quad-Cities Catholic Charities.

The next report meeting in the series of five will be on Friday, Oct. 17 at the YMCA beginning at noon.

Off-Campus group to resume meetings

The Granite City School District's Citizens' Advisory Committee for Off-Campus Education will resume its quarterly meetings at 6:15 p.m. tomorrow, David Schermer, newly-elected chairman, will preside.

A "Dutch treat" dinner will be served prior to the business session. Committee members unable to attend are asked to advise the office of Donald R. Shaffner, off-campus education coordinator, at 877-1512, extension 68.

Principal discussion at the first fall meeting will focus

upon registration and class enrollment in the 1980-81 off-campus program, Shaffner said.

The program enables young people to be employed at qualifying business firms, which offer training, while completing their high school education.

SIU trustees to meet Oct. 15

The October meeting of the Southern Illinois University Board of Trustees, regularly scheduled on the second Thursday of each month, has been postponed until Wednesday, Oct. 15, on the Edwardsville campus. The meeting will begin at 10 a.m. in Meridian Ballroom in the University Center.

Plans and specifications for the proposed performing arts facility at SIU-Edwardsville will be considered, as well as a \$50,000 increase in the project budget to provide utility extensions and a covered passageway between the facility and the Communications Building.

Also to be considered are revisions in the Code of Policy of the Board of Trustees, a handbook for student trustees, and an amendment to Resource Allocation and Management Program planning documents for Fiscal Year

1982 for the Carbondale Campus.

Two committees of the Board have scheduled meetings prior to the 10 a.m. session. The Finance Committee will meet at 7:30 a.m. in the International Room of the University Center, and the Architecture and Design Committee is scheduled to meet at 9 a.m. in Room Seven of the University Center. All of the meetings are open to the public.

Trustees also announced an executive session of the Board is scheduled at 11:30 a.m. in the University Center concerning "the appointment, employment or dismissal of officers or employees, with no final action to be taken, pending litigation, and land acquisition." The meeting is closed to the public but will be followed by a news conference in the International Room of the University Center.

County receives \$4 million in Community Development funding

Madison County Board Chairman Nelson Hagnauer, has announced that Madison County has received \$4,182,000 in Community Development Block Grant funds from the Department of Housing and Urban Development for the 1980-81 program year.

This year, which began Oct. 1, will be the sixth year that the Community Development Program has been in existence. The

program provides funding to Madison County and through the county to the cities and townships for physical development projects designed to upgrade low and moderate income areas. Hagnauer indicated that over the past five years, funds have been used for housing rehabilitation loans and grants, water and sewer service installation, surface drainage, park development and road and bridge construction, as well as a variety of other projects.

This year, Hagnauer reported that the approved projects for the County include: Nameoki Township—Sewer tap on assistance, Cloverleaf Addition parks and recreation and street improvements, Eagle Park housing rehabilitation and street improvements. Granite City—West

Granite street improvements.

Venue—Rehabilitation of houses. Chouteau Township—Sewer tap on aid. Madison County—Removal of architectural

barriers, demolition of abandoned structures, low interest housing rehabilitation loan program, housing rehabilitation grant program and public housing modernization.

C. W. Harris dies in Australia

Word had been received here of the death of Carl William "Bill" Harris, 60, of Melbourne, Australia, formerly of Granite City, who died in Melbourne Sept. 16. Mr. Harris was born in Granite City and attended public schools here, graduating from Granite City High School. He then joined the U.S. Army and served eight years, including World War II. He was discharged about 1951, while serving in Japan.

He then worked with a law firm in Australia, eventually becoming a lawyer. A heart condition forced his retirement a year and a half ago. He is survived by his widow, Mrs. Dorothy Harris; two sons, Jeffrey and John Harris, and two daughters, Cheryl and Janine, all in Australia; two brothers, Mervin Harris of California and Robert Harris of Granite City; two sisters, Mrs. Neva Klein of Key West, Fla., and Mrs. Dorothy Jones of Stewart County, Tenn., and

his mother, Mrs. Lela Glasgow Harris of Granite City; 15 grandchildren and 13 great-grandchildren.

Arrest of cyclist after chase

A 25-year-old Granite City motorcyclist, allegedly pursued by officers from 27th Street and Washington Avenue, crashed into a Madison County deputy sheriff's car, which was set up as a roadblock on Route 162 at 1:35 a.m. Friday.

Gary R. Vaughn, 3317 Franklin Ave., was charged by Granite City police with nine violations. He was released to the Madison County sheriff's office pending additional charges being filed by the county department.

A Granite City officer first saw Vaughn traveling south on Washington Avenue, but when he attempted to stop him, the cyclist allegedly accelerated the machine and almost struck the officer.

The bike went east on Hodges Avenue and crossed the old cemetery at the rear of Kirkpatrick Homes to Namook Road, then turned east on E. 23rd Street and onto Route 162 with the squad car in pursuit. A roadblock was set up on Route 162 by Pontoon Beach police officers and the sheriff's office. It was reported the motorcyclist turned off his headlights after passing the Maryville Road intersection and then wrecked the cycle against the sheriff's car.

The Granite City charges include disobeying a police officer, four violations for disregarding stop signs, reckless driving, fleeing or attempting to elude police, disregarding a traffic control device and disregarding a stop light.

7 promoted by American Steel

American Steel Foundries, Chicago, a division of Amsted Industries, has announced seven promotions in its Railway Products Sales Department, effective Oct. 1.

Norman A. Berg has been appointed vice president of marketing. He succeeds John C. Day, who will retire in November after 38 years of company service.

Kendall L. Anderson, regional sales manager, becomes general manager of railway products sales; Eugene S. Stein and Robert B. Love, both district sales managers, become regional sales managers.

William Demmert, district sales manager, becomes manager of coupling equipment sales; Richard G. Schwartz, assistant to the vice president of sales, becomes district sales manager; and Ralph M. McLean, sales representative, becomes district sales manager.

Day joined American Steel Foundries in 1942 as a process engineer. He has served as sales manager, assistant vice president, vice president of sales and, since 1966, vice president of marketing.

American Steel is a leading producer of cast steel railroad freight car components, fifth wheels for highway trucks, and heavy duty springs.

RADAR CATCH

Granite City police while using radar to monitor vehicle speeds at midnight Friday, stopped a car driven by Ivica P. Sajfar, 34, of 2522 Hemlock Ave., at 16th Street and Madison Avenue. Making a routine check police discovered Sajfar was wanted on a warrant charging him with driving while his license was suspended. He was released on \$200 cash bond.

Sanitary district to help SCA in ditch cleaning job

An agreement between the Metro-East Sanitary District and SCA Services, Inc., for removing dirt from the Cahokia Canal to be used for cover dirt at the SCA landfill was finalized during a meeting Friday morning.

Under the agreement, SCA will provide trucks, manpower and equipment to remove dirt from the walls of the canal and will pay for use of a sanitary district 21-foot backhoe, one operator, one laborer and port of a supervisor's time.

Man hurt in parking area

Police were called to St. Elizabeth Medical Center's emergency room at 2:10 a.m. Friday, where John Grisham, 443 Rhodes St., was being treated for facial injuries after being struck with a bottle.

Bill Margrave, 144 Rhodes St., who was driving a car in which Grisham was a passenger, said he had driven into the parking area at Curt's Grill, 1600 Madison Ave., a few minutes earlier when a bottle struck the top of the car, apparently thrown by one of three men in a white auto.

When Grisham started to get out of the car, a man from the other vehicle struck Grisham in the face with a bottle, Margrave said. Police followed a vehicle resembling the description given by Margrave and Grisham, halting the car in an alley in the 2000 block, between Madison and Grand avenues.

Three men were in the vehicle, but denied striking Grisham with a bottle. They were not taken into custody, pending further investigation of the incident, police said.

The sanitary district will charge \$310 per day for the backhoe and for the two and one-half salaries involved, according to Russell Robinson, president of the sanitary district.

"We hope to expand this program to where the sanitary district can offer use of its drag line equipment, at another \$240 per day, to SCA to aid in the program. The extra income will nearly pay for the present payroll of the district and we are getting this vital ditch widened and cleaned in the process," Robinson added.

Work is to begin immediately, he added. The value of the work to be done is estimated in excess of \$1 million, according to William Nichols, who helped negotiate the agreement, at no charge. Negotiations

were conducted between Dale Dille, regional manager for SCA, and commissioners of the sanitary district.

The area from the box culverts at National City to the flood gates at Horseshoe Lake is to be widened and cleaned. Afterwards, it is hoped an agreement can be reached to continue the work in St. Clair County ditches.

SCA, which operates the Milam Corp. landfills on Chouteau Island and on Miller Road south of Layton Road, is required to cover active portions of its landfill with dirt daily and has needed large quantities of dirt.

"They get what they need and we get what we need the most, income to the sanitary district while getting our ditches cleaned. I hope it lasts forever," Robinson told the Press-Record.

Back wages are awarded to Bull

A former Madison County deputy sheriff, Larry Bull, has won \$10,237 in back wages in a suit against the Sheriff's Merit Commission, heard by Associate Judge Clayton R. Williams.

Bull was suspended Sept. 22, 1977, by former Sheriff John Maeras after the deputy was indicted by a grand jury on two counts of theft. The charges ended in a hung jury; they were dismissed Nov. 27, 1978, and the deputy was reinstated.

Bull's December 1979 request for wages during the suspension period was disapproved by the commission in April 1980. In ruling in his favor, Williams noted that the suspension was based solely on the indictments.

Incident at archery range

Frances E. Castillo, 28, of 2210 N. 60th St., East St. Louis, was arrested on a state charge of battery at 8:55 p.m. Wednesday, following an incident at Lane Archery, 1834 State St.

Responding to a disturbance call, police went to the range and were met by an off-duty police officer who said that he was shooting at targets with a 15-year-old Granite City youth and others when a woman came in and began arguing with the youth.

The officer, who alleged Mrs. Castillo struck the youth with a steel arrow, signed a complaint on the minor's behalf against the woman. She was released at 11:20 p.m. Wednesday on payment of a \$101 cash bond.

Expand health vocation classes

The Granite City Board of Education has authorized a contract with St. Elizabeth Medical Center, which will train five students as nurse aides and two students in medical transcription work. Cost to the school district for all programs related to the medical center will not exceed \$1,100 per semester. In addition to the seven students newly approved, ten youths are studying to be ward clerks and five to be hospital housekeeping employees.

Thomas C. Holloway, director of vocational and career education in the school district, said, "These programs are cost efficient, and the employability of these graduates has been extremely high. Other than office jobs, the health occupations area has one of the largest growth potentials over the next ten years."

The board authorized placement of a 19-year-old girl in a private, long-term residential treatment facility for students with severe emotional problems. It is located in Poland Springs, Maine.

Special Education Director Larry R. Dew and Dr. Jared Balmer were authorized to accompany the student to the facility.

Cost to the district will be \$3,800 for tuition for 60 days, plus 20 percent of the transportation cost.

It was noted that Board Member George E. Moore was to represent the district at a Southwestern Division conference of the Illinois Association of School Boards held last night in Jerseyville.

South-West Cable Television was authorized to televise delayed broadcasts of Granite City school athletic activities in the 1980-81 school year, providing it follows all Illinois High School Association rules.

Where gate receipts are charged, a 24-hour minimum delay will be enforced. Where there are no admission charges, broadcasts may be "live," the board decided.

The board approved an annual recognition report certifying that it maintains up-to-date policies outlining its philosophy, powers, responsibilities, and procedures; maintains financial and other records; attendance records; health records and classroom subjects conforming to Illinois School Code requirements; and the Board of Education rules; employs properly certified and qualified administrators, supervisors and professional staffs; and operates in accordance with state desegregation requirements.

On the recommendation of Curriculum Coordinator Warren Collins, it was decided to extend fourth credit for participation in flag and rifle squads associated with band programs.

A Robert D. Todoroff, GCHS North band director, will attend the Contest of Champions marching band contest in Murfreesboro, Tenn., Oct. 17 and 18, and Emalou Boyer of the Pre-School Center faculty will attend the 1980 conference of the National Association for the Education of Young Children Nov. 21 to 24 in San Francisco. The latter trip is part of the Title I federal program budget.

The National Multiple Sclerosis Society will conduct a voluntary "read-a-thon" among students. MS contributions will be obtained from sponsors for each book a student reads. The Maryville School Parent-Teacher Association is donating \$630 toward purchase of "triple super cube" playground equipment.

The Niedringhaus PTA is purchasing a \$1,095 mimeograph machine for its school, and the Emerson PTA is donating a copying machine for use at Emerson.

The Lake School PTA was authorized to use the school's kitchen, cafeteria and classrooms for a Halloween carnival Oct. 24.

The Salvation Army community recreation center on East 23rd Street will distribute its opening activities announcement to students of the Lake, Marshall and Webster elementary schools.

A Grace Baptist Church will utilize the Frohardt School gymnasium on Mondays from 7 to 9 p.m. for volleyball, and the Granite City Head Start teaching program for pre-school children conducted at Central Christian Church, will use the adjacent Frohardt school playground when it is not in use by Frohardt pupils.

The girls' volleyball team of St. Margaret Mary School will go to the Marshall School gymnasium for volleyball on Mondays and Tuesdays from Jan. 5 to April 30.

A basketball team's request to use the Johnson School gymnasium on Fridays was denied, since the district does not rent facilities directly to teams which belong to leagues. The request will be processed through the Granite City park district leagues, which utilize school gyms.

Polling places for the Oct. 25 school district special election were set for the 13 elementary schools. No boundary changes are being made, but wording has been revised in the description of railroad rights-of-way in the vicinity of Johnson and Mitchell schools.

Lists of gifted program adult volunteers at the Emerson, Parkview and Wilson grade schools were approved by the board.

Three Granite City area students are among an 11-year record enrollment of 325 cadets attending Missouri Military Academy. Cadets Matthew Butler and Thomas Butler, sons of Mr. and Mrs. Ronald T. Butler, 1813 Spring Ave., and Robert Scott Suverkrup, son of Mrs. Carol Swiatek, 33 Bermuda Lane.

M.M.A. heads the 1980 list of 39 schools recently designated ROTC Honor Units with Distinction in the U.S. Army and Region, which includes eight mid-western states. Fifty-one schools received the Honor rating alone; other ratings were Satisfactory and Unsatisfactory.

Ongoing projects the cadets encounter this fall include Natatorium and a revised six-period academic day.

The \$600,000 Natatorium will house an eight-lane Olympic-sized pool. Construction on the colonial brick building began in the spring.

An integrated six-period academic day goes into effect also. Activity courses such as the Fastlane drill team, band, and journalism will be assigned throughout the day rather than all at once.

North Central Association had suggested the six-period day as a possible way of increasing program flexibility.

Missouri Military Academy, founded in 1889, is an independent, non-profit college preparatory school with an international enrollment of boys in grades 4 through 12.

The board then is to complete a final desegregation plan by September, 1981. Gordon said regular quarterly reports on the advisory committee's activities will be sent to IOE.

The group decided it will visit both schools at 9:30 a.m. Friday.

Meetings are to be held the first Monday of every month at 6:30 p.m. and the meeting place will vary, according to Gordon.

Committee members attending were: Dave Becker, a teacher from Harris School; Virginia

Local girls to perform with Webster Dance Theatre

Bonnie Luebbert, daughter of Mr. and Mrs. Rich Luebbert, 21 Riviera Drive, and Lia Salem, daughter of the late Mrs. Perry Salem, 3836 John Glenn Drive, have passed auditions to dance with the Webster Dance Theatre, associated with Webster College in Webster, Mo.

The local girls will perform Dec. 9 at the Loretto Hilton Theatre. The Webster Symphony Orchestra will be giving a winter concert in conjunction with Webster Dance Theatre. Variations from the Nutcracker Ballet will be performed.

Miss Luebbert is a sophomore at the college, majoring in dance. She will appear in variations of the

Sugar Plum Fairy at the winter concert. Miss Luebbert is the choreographer, along with Kim Bertels, for this year's Granite City Junior Miss program.

Miss Salem, a senior at Granite City High School North, will be dancing the Chinese variation in the same program. She is studying jazz and ballet at the Newton School of Dance in St. Louis.

Both girls study dance at Webster College with Gary Hubler, and both have performed several seasons with the St. Louis Civic Ballet. The girls are former students of the Salem School of Dance in Granite City.

LOOT APARTMENT
Rosalee French, 3066 Kirkpatrick Homes, discovered last week that her clothing and costume jewelry had been stolen from her home. She said a man had been by her apartment earlier and had threatened her before leaving. Later, the items, valued at about \$290, were stolen.

93% register for selective service; next date Jan. 5

The 1980 Selective Service registration for men born in 1960 and 1961 has been completed, but late registrations continue to be accepted at any U.S. post office from men who failed to register because of special circumstances, or through oversight or misunderstanding.

The next formal registration period will be the week of Jan. 5, 1981, for men born in 1962.

From that point forward, Selective Service will continue registration of men within 30 days of their 18th birthday. Brayton Harris, assistant director of the Selective Service System reports that, as of Aug. 22, approximately 93 percent of the eligible population has registered and that number is growing every day as late registrations are received.

"This success has been in large part due to the outstanding coverage and assistance provided by news media," he commented.

"Registration was a major news story, but the exceptional play given our public service materials was of great value in carrying the message to the public."

The next formal registration period will be the week of Jan. 5 for men born in 1962. Selective Service then will resume the practice—suspended in 1975—of continuous registration of young men. Registration also will take place at U.S. post offices.

"Details will be prepared and distributed in early December."

Drivers injured as autos collide

The drivers of two autos that collided on Illinois Highways 162 and 111 last week sustained injuries.

Mrs. Deborah L. Harley, 28, of 35 Parktowne West Mobile Home Park, was taken to St. Elizabeth Medical Center (SEMC) where she was treated for lacerations to her forehead and arms. She was then released.

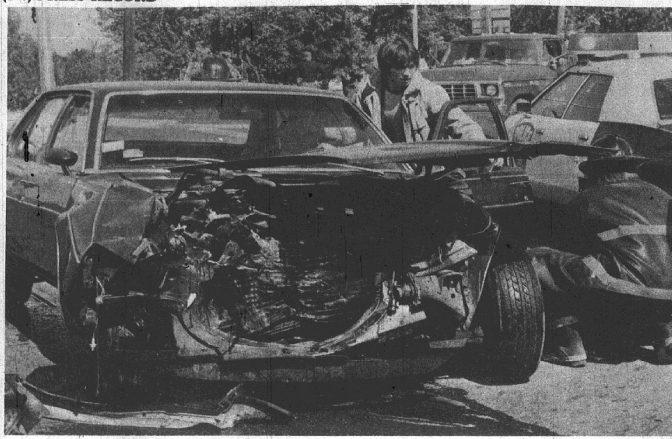

Walter L. Lowell, 82, of 245 Iowa St., was admitted for observation of a head injury.

The Lowell car was westbound on Illinois 162 and

the Harley auto was northbound on Highway 111 when they collided, authorities said.

Mrs. Harley was trapped inside her car as it left the highway and went down a 20-foot embankment and snapped a power line, causing a power outage in the area for about two hours.

The Long Lake Fire Department emergency team was called to the scene and had to use the "jaws of life" tool to free Mrs. Harley, who was trapped on the floor of the front seat.

Public Radio Month to be observed by WSIE

WSIE-FM (88.7), the Southern Illinois University at Edwardsville public service radio station, is broadcasting a series of programs during the month of October focusing on "Discover National Public Radio: A World of Difference."

On "Options in Education," broadcast on Mondays at 6 p.m., WSIE-FM will broadcast a series of programs dealing with the school desegregation controversy. The programs will focus on the five consolidated lawsuits that became known collectively as "Brown vs. Board of Education" and will chronicle the path of school desegregation in the 26 years following the Supreme Court ruling.

On "Masterpiece Theatre," broadcast on Wednesdays at 8 p.m., WSIE-FM will bring the life of Charlotte Brontë, the Victorian writer, to the Metro-East area through Julie Harris' performance of "Currer Bell, Esquire" in two episodes.

"Communique," NPR's weekly foreign affairs series, will offer a special look at America as a partner in defense, economics and

political affairs from an European perspective. The broadcasts will coincide with the final stages of the presidential election campaign and will focus on European concerns and questions about the campaign and the general direction of American foreign policy in the 1980s.

"Communique" is broadcast Fridays at 8 p.m.

The "Jazz Alive" fall schedule kicks off with, "The Blues Is a Woman," a critically acclaimed concert from this year's Newport Jazz Festival and a special program originating from Walt Disney World in Orlando, Fla. Other programs will feature Jaki Byard, Jack DeJohnette, the Mel Lewis Orchestra and the World Saxophone Quartet.

"Jazz Alive" is broadcast Wednesdays at 9 p.m.

CREW LIQUOR IT'S STILL QUICKER!

Fahner says prosecutor belongs in a courtroom

Illinois Attorney General Tyrone Fahner paid his first visit to Madison County last week and delivered an endorsement for Don Weber, Republican candidate for state's attorney.

In remarks to an enthusiastic crowd at the Collinsville Holiday Inn, Fahner cited his own experience as a U.S. attorney support his assertion that "a prosecutor belongs in the courtroom trying cases, not in an administrator's chair."

"There are any number of qualified people who can effectively administer a prosecutor's office," Fahner said. "But to be a good prosecutor and to really meet the obligations of the public trust, one must be actively involved in the day-to-day activities of the job—and that means trying cases and handling motions."

"Don't record as a trial attorney makes him eminently qualified for the office of state's attorney; his opponent's lack of trial experience is a major weakness in the current law enforcement process."

At a news conference prior to Monday evening's reception, Fahner answered a wide range of questions, including such topics as hazardous waste disposal and the Open Meetings Act.

Fahner suggested that major changes in the Illinois Open Meetings Act. The first would be to require a roll call vote on all decisions to close public meetings. This, according to the attorney general, would make elected officials more responsive to the will of the public. He also proposed a requirement that minutes be kept of all proceedings held behind closed doors.

The attorney general was questioned concerning an opinion rendered by his predecessor on co-patibility of offices. Weber's opponent, Charles Byron, used the opinion as a reason for firing Weber and Alderman Stephanie Robbins of Edwardsville as assistant state's attorney.

"Attorney general's opinions are contested frequently," Fahner said. "Although the opinions are entitled to careful consideration, they are not binding until a court rules on them. The proper procedure is to follow when a person wishes to dispute the opinion is to file a declaratory judgment suit in court and let a court decide the issue."

Series on religion offered at center

Southern Illinois University at Edwardsville will offer a series of lectures for senior citizens interested in learning more about religion and its effect on the world.

The series, "The Impact of the World's Major Religions on Current Affairs," will explore the premise that religion, as one facet of the cultural process, has bearing on the actions taken by world leaders and the reactions of peoples in general, thereby helping determine the course of history.

The lectures will be presented by the Metro-East Institute of Lifeline Learning as part of the fall schedule of continuing education classes for senior citizens.

Beginning Oct. 22, classes will meet Wednesdays between 10 and 11:30 a.m. in the Mississippi Room of the University Center. Fee for the seven-day series is \$1. The schedule of classes and topics includes:

Oct. 22 — Catholicism
Oct. 29 — Protestantism
Nov. 5 — Islam
Nov. 12 — Oriental religions
Nov. 19 — Quakers, Latter-Day Saints, Mormons and the Reorganized
Nov. 26 — Judaism and Zionism
Dec. 3 — The liberal religious movement and cults.

South kickers win C.Y.C. Tourney

Warriors blank St. Mary's for championship

By PETE HAYES
Sports Editor
of the Press-Record

ST. LOUIS — History-making. That describes Granite City South's 2-0 victory over St. Mary's Prep Saturday night in the championship game of the Catholic Youth Council Soccer Tournament at Vianney High.

Consider the firsts:
1. South was the first Illinois school to ever be invited to play in the tournament.
2. South was, therefore, obviously the first Illinois team to ever win the tournament.

3. South was the first public school in many a moon to win the tournament.
4. South allowed only two goals in four tournament games — a record as far as anybody who had anything to say about such things remembers.

South's defense continually turned back the Dragons Saturday night. But it was a goal by Tim Dix that finally won it for the Warriors. Dix took a pass from teammate David Fernandez at the 28:50 mark of the second half to win the game. "Super effort from Timmy Dix," said an exuberant South coach (Gene Baker). "He usually marks the other team's toughest scorer. Tonight, he took care of him and scored the game-winner too."

For a time, an overtime game appeared to be in the making. Neither team could solve the other's goalie, even though early on there were some good chances.

South had the territorial edge for the first five minutes in the first half. But from that point on, found itself trying to force back St. Mary's. Warrior goalie Joe LeMaster played his best game of the season. "Joe had a good tournament," said Baker. "In fact, I think he's gotten a good education in the tournament. He handled the ball a lot out there tonight."

Defense won the tournament for South. Pure and simple. "To be able to shut out this team is amazing," said Baker. "It's quite an accomplishment."

But then, it was a night for accomplishments. Warrior Robbie Mann picked the right time to play his best game of the season. "Robbie, without a doubt played his best game," said Baker. "He was thinking and what mistakes he made were minimal."

The victory was sealed for South just six minutes after Dix's goal. Even though the game had reached the point when one goal could break the other team's back, Richie Moore's goal off a Tony Segobiano corner kick was welcome relief for Baker. It came at the 34:50 mark.

South's being able to march in to a prestigious tournament for the first time and walk away with the top prize seemed to embarrass C.Y.C. officials. "Oh, I'm sure we've had other Illinois teams in the tournament," said one official. Then he stressed, adding the (Continued on Page 11)

Sudden-death victory advances South to final

By PETE HAYES
Sports Editor
of the Press-Record

ST. LOUIS — Granite City South's soccer team should carry a sign along with them to games. It should read: "Those with heart conditions stay out. Granite South game in progress."

For the second straight game, the Warriors did what seemed to be the impossible and beat a St. Louis Catholic school powerhouse in the Catholic Youth Council Tournament in Forest Park. This time, it was an overtime thriller over DuBois, on penalty kicks. The score was 1-1 at the end of regulation and four five minute overtimes. The heroes were unlikely ones for a Granite South victory. Sure, the Warriors got outstanding efforts from David Fernandez, Robbie Mann and the rest. But Friday was Billy Hency's day. And Joe LeMaster's.

Hency scored on his team's second sudden-death penalty kick as the sun set over Forest Park. LeMaster made a leaping save. DuBois' next penalty shot (the teams alternated until one scored and the other didn't) by ace Richard Roth. The jubilant Warriors streamed out onto the field to congratulate each other. DuBois players watched in disbelief.

South coach Gene Baker was spent. Exhausted. Drained. He shook his head as he grinned sheepishly and looked at the ground. "We just got a super effort from everybody," he said with a hoarse voice. "We could have folded, but we didn't. We played a very fine soccer team to a standoff today."

It almost looked as if South would seek out another 1-0 win (it upset top-seeded Vianney 1-0 in the quarterfinals). But the Warriors couldn't make a first half free kick goal by Fernandez stand up. On that one, Fernandez used what's become known as his patented shot — over the wall of defenders and inches under the crossbar from about 20 yards out.

That's the way the score stood until 7:05 remained in regulation time. Tony Garavaglia scored off a corner kick from teammate Jim Kratzner. That set up the overtime periods and eventual penalty kicks the eventually find a winner.

At the end of the fourth overtime, each coach selected five players to take its penalty kicks. The team with the most goals out of five shots would win. Each team scored three. Fernandez, Jim Brewer and David Paz scored for South, while Tony Segobiano hit the left goalpost and Greg White's shot was blocked. LeMaster came up with one save against DuBois, and one attempt sailed wide right. Then came sudden death for DuBois. — sudden victory for South.

First up for South was Robbie Mann. His shot boomed into the upper right corner of the goal. But DuBois' retaliated with a goal of its own. That set up the heroics by Hency and LeMaster.

North throws caution to wind

By PETE HAYES
Sports Editor
of the Press-Record

GRANITE CITY — Remember the old Harlem Globetrotters' trick ball? It had a weight in one side of it. When they'd throw it, it would wobble and go every way except the way you expected. OK, visualize a soccer ball doing the same thing. Without the weight.

Got the picture? Now throw in two high school soccer teams and a gale-like wind and presto — you've got Saturday afternoon's Granite City North-Edwardsville game, won by North 3-2 in overtime.

North coach Bob Kehoe shook his head. "Jeez, this wind! It's unbelievable. It just makes for a game that's not very much fun to play or to watch."

To say the wind had an influence on the way the game was played would be to understand the obvious. The wind was brutal. Numerous times the wind would

catch the ball on a throw-in and take it right back out of bounds on the fly. Corner kicks were a nightmare — both for kickers and goalies. If used just right by the kicker, the wind could have hooked the ball back into the goal.

But what the game might have done is equalize the teams. Even though the Tigers tied North 2-2 in Edwardsville the first week of the season, the young Steelers were confident they could easily take care of them on their much larger home field. But the effect of the weather on the players just might have taken them off the matter at hand — playing good soccer.

"We gave up two bad goals," said Kehoe. "We did the same thing up there (at Edwardsville). We had too many people standing around watching. On their second goal, we had three or four guys standing right there looking for."

North took a 1-0 lead with 13:01 remaining in the second half. At that point, it looked as if the one goal would win it. Craig Burkey boomed it in

unassisted. Then it was time for the winds of fate to take charge.

With 7:18 remaining in the game, Edwardsville's Tom Blahaus found teammate Mike Riley near the North goal with a throw-in. Riley settled the ball and let loose with a seemingly weak shot that Steeler goalie Rob Chapman stopped momentarily and then let trickle between his legs. The Edwardsville bench erupted. They had done it again.

Then, with 2:18 left in the first of two five minute overtimes, Edwardsville's Ken Shaw scored unassisted just inside the right goalpost when the North defense failed to clear a loose ball.

In that first overtime, Edwardsville had the wind at its back. In the second overtime, it was North's turn to use the gale blasts. It did.

At the 2:57 mark of the period, Steve Trittschuh scored the tying goal off an assist from teammate Robert Szles. Then, with only 39 seconds left, Paul Barrington scored off an assist from

Trittschuh. The Steelers had escaped. "We had to go for it long in the overtime," said Kehoe. "I guess we just threw caution to the wind."

So, in four games with the two Granite City high school teams this season, Edwardsville is 0-2-2, but has only been outscored 7-5. "Edwardsville played a good game," said Kehoe. "I'm not taking anything away from them. They've done a good job with their program there. Bruno (Tiger head coach Gwardys) has done a good job."

"I'm glad to see it. I'm happy to see some other teams besides the same old two or three be competitive. The better the competition, the better it is for soccer."

The victory raised North's record to 8-3-2 on the season. The next action for North will be Tuesday at home against Belleville West in a non-conference game at 4:45 p.m.

In junior varsity action Saturday, North's junior Steelers shut out Edwardsville 2-0.

Steelers homecoming win could be costly

By TOM SCHOCKER
of the Press-Record

GRANITE CITY — The air was full of festivities Friday night at Granite City Memorial Stadium. It was Granite City North's homecoming football game and the Steelers did what all teams hope to do on their homecoming night — win.

North swelled its already unbeaten record to 5-0 at the expense of the Cahokia Comanches in a Gateway East Conference game. The Steelers pounded Cahokia 31-6, but the victory may have proved to be costly. After North's third play from scrimmage, its valuable running back Kevin Buchanan, slowly limped off the field. He was rushed to St. Elizabeth Medical Center in Granite where X-rays were taken.

According to reports, Dr. George Wilkins was called in from Edwardsville to read the X-rays. His diagnosis was that Buchanan had suffered a severe sprain of the ankle. Now on crutches, Buchanan is likely to miss the Steelers next very important game against Belleville Althoff, but may be ready for the game against Granite City South in two weeks.

A definite blow to the spirits, North, however,

didn't let the play affect its performance. In fact, it took the opportunity as a chance to get fired up and unloaded on its unsuspecting foes.

Remaining scoreless into the second period, the Steelers, led by Daren DeFew, launched a drive that found pay dirt. With just over 11:00 left in the half, DeFew plunged over from two yards out to give North the advantage.

But DeFew was not done just yet. Trying to pick up where his teammate, Buchanan, had done all season, the gusty sophomore located a gap in the Cahokia line and sped 51 yards for yet another touchdown. "I'm really proud of the effort our offensive line did tonight," said Steeler head coach Tom Wyrostek. "They just did a tremendous job, especially on Rick's (Buer) touchdown run."

The score Wyrostek is referring to, came in the third quarter. Another grinding drive by the Steelers resulted in Buer's run from five yards to give North an unsurmountable lead at 27-0.

The Steelers running attack was so complete, they had no need to put the ball in the air. North racked up 293 total yards, all of which came on the ground. This

compared to a total of 261 for Cahokia who had to combine its efforts. Rushing for 222, the Comanches aired it out for 39 yards on four of 15 passes.

The only time North did put the ball up in the air was off the foot of place kicker DeFew. Called on to convert four extra points throughout the Steelers wild scoring rampage, he also delivered a record setting boot in the

final period.

Talling the only only points in the final quarter, DeFew connected on a 48 yard field goal. The blast was a new Granite North football mark.

It also capped off a big offensive performance for the Steelers. DeFew and his foot could have taken on Cahokia single-handed and still played them close. He recorded seven points. In (Continued on Page 11)

Cougars upset by Rockhurst

KANSAS CITY — It was bound to happen, it's true.

The Southern Illinois University at Edwardsville soccer team has played Rockhurst College every season from 1969 and had, despite some bitterly fought contests, never lost to the Hawks.

But, now struggling and coming off of a 2-1 double overtime loss to top-ranked University of San Francisco Friday night, Coach Bob Guelker's SIUE kickers were beaten here Sunday afternoon, 1-0, again in double overtime.

The loss dropped the Cougars to 7-5-2 for the season, while the Hawks are 6-1.

Old rivals meet at Cougar Field and results are same

By DOUG IRVIN
For the Press-Record
EDWARDSVILLE — Two top-notch teams met Friday night at Cougar Field. They've met before and most likely will meet again. The meeting was the first one this season. And if the loser of Friday's game is victorious in the annual Bronze Boot match against St. Louis University at St. Louis University (Oct. 30), these two teams could meet again.

The teams were Southern Illinois University at Edwardsville and the University of San Francisco. Their meeting was a soccer game. Not just a soccer game, though. USF is nationally ranked as number two in the NCAA Division I and SIUE is ranked 13th. Last season, USF defeated SIUE for the first time they met in California. The score there was 3-2. Then in the 1979 NCAA Quarter Finals went on to win the NCAA national title.

USF has done that before. Their latest was 1978. "Sure there is a rivalry," said SIUE's coach of 13 years, Bob Guelker. "The

rivalry exists because there is a mutual respect between the two teams. "We went into this game thinking that we might win. And we had them shut out until six minutes left in regulation time," said Guelker. USF's coach Steve Negoesco said, "You can't make a mistake when two teams of this caliber play. Six or seven players can score if given the opportunity. There is a rivalry between our schools in soccer. When ever two good

teams play, each has a respect for the other. The intensity of the battle was also displayed by the fans. Each team has a number of frenzied followers. Bjorn Tronstad, of USF, received a second yellow card just eight minutes after the first one was issued to him. The SIUE fans cheered as Tronstad was ejected from the game. But the Don did not want to leave the field. After realizing that he must, Tronstad raised his right arm and made a gesture to the SIUE fans. He is a half-dan can of beer was chugged at Tronstad and 30-40 Cougar fans returned his gesture. Several teammates contained Tronstad to his bench.

The game ended after 110:00 of playing time. The Dons of USF were to celebrate The Cougars were the losers. But they were good losers. They went to the locker room with their heads

Warrior gridgers fall to Hazelwood Central

By KEVIN ALLEN
For the Press-Record
GRANITE CITY — For a coach who had just seen his team lose its sixth consecutive game by a score of 34-0, Stan Wojcik was unusually unperturbed.

Hazelwood Central's Hawks had things pretty much entirely their way Saturday, yet in the lockerroom after the game, Wojcik, coach of Granite City South's Warriors, preferred to see the game from the bright side. "You guys for some reason seem to play better against the tougher teams," Wojcik told his players assembled there.

No ranting and raving. No sulking or gloom. Just a simple statement. A complement in fact. Wojcik was either whistling in the dark or else he had just watched a different game. What do you mean coach? You lost 34-0. "They (Hazelwood) were good," Wojcik said. "No doubt about it. But I was impressed by some of the things we did tonight. Hazelwood was maybe the fastest team I've ever seen off the ball, but our offensive line held their own pretty good."

"I believe we do play better against tougher teams. You take away a couple of their long runs, especially early, and the game's a different story."

As improbably as Wojcik claims might sound in light of the final score, there was evidence supporting his analysis. The Warriors played the Hawks virtually even in the first quarter. Only Hazelwood's touchdown, scored with a little over a minute left in the period, separated the teams.

And, as Wojcik pointed out, a long run — a 41-yard trot by Bill Daniels — set up Don Moore's five-yard scoring run.

Again in the fourth quarter the game was even. Dead even. The emphasis here is on dead. Neither the Hawks or the Warriors scored, instead the ball changed hands with dull regularity.

In fact, the only excitement, if it would be called that, in the quarter and game for the Warriors came with about six minutes left to play.

After returning a Hazelwood punt to the 42, the

Warriors began a rare sustained drive that pushed down to the Hawks' 16-yard line in 10 plays. Five of those plays were passes by Warrior quarterback John Linhart, accounting for 26 yards.

The significance of the passing success on the drive was fairly great, considering in total the Warriors completed only nine passes in the game out of 31 tries for 64 total yards.

Just when it seemed the Warriors might salvage some points late in the game, though, a bad snap stopped the surge cold. The ball sailed over the head of Linhart, who was back in the shotgun formation, and was finally scooped up on the 50. Ironically, the ball was deflected by a player later when Hazelwood intercepted for the third time in the game.

Still, the Warrior defense held the Hawks scoreless in the fourth quarter, held their own, in Wojcik's words, as they had in the first quarter.

In between, though, something else happened. Hazelwood scored four touchdowns — two in the second quarter, and two

more in the third. Daniels accounted for both quarter scores. With about eight minutes left in the first half, he capped off a nine-play, 43-yard drive with a five yard rush, and just two minutes later scored from the eight, finishing a four-play surge from the Warrior 16.

He scored again on the first play from scrimmage in the second half. This time breaking loose for 65 yards.

Moore scored his second touchdown of the game later in the third quarter when he scored from the three following a eight-play, 85-yard Hawk drive.

In the end, the Hawks speed and strengths, to say nothing of size, was too much for South.

"Did you see some of those guys," Wojcik asked. "When we lined up against them our guys were looking up. They're probably sore, though. This was probably the best hitting we've done defensively. We missed some tackles, which hurt us. But we were in the game. We'll have to learn to hit like that and hang on."

Coach thinks his team improved despite mark

GRANITE CITY — The Granite City South Warriors lost their sixth game of the season Saturday night, bringing their season record to a disappointing 0-6 mark.

So what else is new? With Cahokia, which beat South already this year, and Alton, which they lost to, the Warriors' schedule hasn't exactly been a cakewalk. South's line is small, and this has caused problems for both the running and passing games.

These factors have all combined for much of the Warriors' troubles. But 0-6? Surely South is more talented than that. "It's hard to put your finger on it," South coach Stan Wojcik said of his team's performance this year. "In some of the games

expectations, but the bottom dropped out."

What happened?

The answer is unclear. Inexperience has played a part. And the Warriors' schedule hasn't exactly been a cakewalk. South's line is small, and this has caused problems for both the running and passing games.

These factors have all combined for much of the Warriors' troubles. But 0-6? Surely South is more talented than that. "It's hard to put your finger on it," South coach Stan Wojcik said of his team's performance this year. "In some of the games

we've lost we've played pretty well. We were in the game with Althoff, until a couple of big plays hurt us."

One of these things has got to break. You can almost feel it. At the beginning of the season, Wojcik was telling people not to be too quick to count up Warrior victories.

He was quick to remind them that his team was, for the most part, young and inexperienced. It turns out now, that Wojcik wasn't being merely cautiously pessimistic.

Still, that's not the whole story. "The thing about it is, once you've played a few

games you're not inexperienced any more. Our kids were young and green, but we were in the game. They've been through the wars."

"We've made some progress, too. Come next year, we'll be in better shape."

Wojcik quickly added that, no, the Warriors weren't playing for 1981. Not with three games left in 1980.

"Sure being 0-6 is disappointing, but I think overall we've improved. We've still got three games to go, and before it's over, who knows, we may just be able to turn some people around."

Pioneers run all over Madison in easy 52-0 conference win

By DOUG IRVIN
For the Press-Record

EAST ST. LOUIS — The gridiron Trojans of Madison dropped their record to 2-4 after soundly losing to the 5-1 Assumption Pioneers, here, Saturday afternoon, 52-0.

Madison, back under the coaching of Al Vonder Harr, had a very serious problem — no bench. "We had an acute case of practice skipping," said the Trojan mentor. And if these kids don't want to come to practice, they aren't going to play for me. Ken Briggs is an example of that. He is a fine back, but he doesn't come to practice and he won't play."

Madison totaled only 106 yards compared to 481 of the Pioneers. Assumption rushed for 334 yards and passed for 147. Madison did not complete a pass, but had two interceptions.

After Madison went nowhere on their first possession, Mark Zarr

punted. Pioneer Tony Berry returned the punt 70 yards for the first six points of the game. That was at the 2:30 mark.

On second down after another Zarr punt, Tommy Davis ran 55 yards on a pitch out for six points. At 4:25 into the game, Assumption led 12-0.

Pat Smith took a 75 yard pass in for a touchdown and this time Assumption's Eric Ingram made the conversion kick good. 19-0. 11:19. Four minutes later, Davis ran one yard for six more and Ingram made it 26-0.

Smith passed to Tony Berry for six and then Berry intercepted a Trojan pass for six more. Both conversions were good. Davis made Assumption's 34-0. The afternoon with a 56-yard run. Ingram's kick was good. 40-0.

On first down, Ingram booted a field goal from 34 yards out. At the 44:30 mark, Ingram again kicked a first down field goal. This one from 35

yards out.

Madison's Terry Guest just couldn't get anything right. The Pioneers rushed that Madison quarterback all day long and pressured him into throwing two interceptions and nine incomplete passes.

Madison did, however, force two turnovers from the Pioneers. The Trojan line recovered two fumbles deep inside their own territory, but the offensive unit couldn't capitalize.

Madison only lists 31 players on their roster, but 12 or 13 of them were not even in the game. Vonder Harr dropped a number of players for skipping practice.

"Al (Vonder Harr) has done a real fine job," said Pioneers' head coach Jim Monken. "His team has improved 100 percent over last season."

Granite Grind set

GRANITE CITY — The Tri-City Area YMCA in Granite City has announced that the second annual Greater Granite Grind will be held on Saturday, Oct. 25. Featured in the "Grind" will be a 10,000 meter and two-mile run beginning and ending at the YMCA, 2001 Edison Avenue, Granite City.

The two-mile run is scheduled to begin at 8:30 a.m., and will be followed by the 10,000 meter run at 9:30. Medals will be awarded to the top three finishers, male and female, in the two-mile run and to the top three male and female finishers in the 10,000 meter. Under 18, 18-29, 30-39, 40-49, and 50 and over. The first 150 persons entering will also receive shirts.

The entry fee is \$4 per individual or \$10 per family, and must be paid by Oct. 22. Entrants are limited to one race. Race packets can be

picked up at the YMCA between 7:30 a.m. and 9 p.m. Oct. 23 and 24, or between 7 and 8 a.m. on the day of the race.

For entry forms, those interested may contact Lucy Tueth at the YMCA, 376-7200.

Courts are ready

GRANITE CITY — The four newly resurfaced tennis courts in Wilson Park will be put back into use Tuesday, Oct. 14 at 5 p.m. The lights will be on at the courts until 11 p.m. The Granite City Park District reminds users that tennis shoes are mandatory on the courts.

Because of quick action by postal inspectors and Postal Service lawyers in getting the cases before a judge, mail containing responses to the promotions was returned to senders and there was no public loss.

issue. "By the way this is our 20th tournament. We've very proud of that fact."

Then pressed further about which Illinois schools have participated in the tournament, the official said, "Oh, um, I don't know many of those towns over there."

To set the record straight, South was the first Illinois team invited to the tournament.

"The Missouri Illinois thing probably did have something to do with our coach," Baker said. "But we like to think we're good enough to win on our own."

He said he didn't think they'd necessarily better than who we play, but we think we can get a game out of our guys as good as anyone."

Time after time, it looked as if South's chances for a top prize would go down the drain. But time after time, the Bulldogs would come back and win. Dragons head-on. "We tried to outnumber them at midfield," said Baker.

We thought it was a matter of endurance. I think our guys are in good condition."

Baker continued. "We earned it. Neither one of our goals was cheap. We've had some very good goals. We've always thought we were good. At Missouri schools, and I think we've missed it over the years. But you never really convince anybody until you come into the state tournament."

"We did and I hope this proves that Illinois teams can compete. We've always had trouble getting into the playoffs."

The season goes on for both teams. Neither will quit because of the outcome of one soccer game. The Dons will play St. Louis University Monday at Francis Field and the Cougars will host Quincy

Everyone now will have to wait until the next time these two meet to see if SIUE can average their 2-1 loss in double overtime or if the Dons will win it again.

Carr-Daniel engagement

A November wedding is being planned by Miss Julianne Daniel, 3873 Rodney Drive, and Stephen Carr of O'Fallon, Ill. The bride-elect is the daughter of David Daniel of Granite City and the groom-to-be is the son of Mr. and Mrs. Raymond Carr of O'Fallon.

Miss Daniel graduated in 1978 from Granite City High School South and is employed as a receptionist at Edison Pipe and Tubing Inc., in St. Louis.

Her fiancé is a 1977 graduate of O'Fallon Township High School. He is employed as an aviation mechanic at Rockwell International in St. Louis and is attending Belleville Area College.

Mina Tarpoff is honored

Miss Mina Lynn Tarpoff was complemented at a bridal luncheon and shower given last week by Mrs. Keith Parker and Mrs. Charles Jungels, the latter is an aunt of the honoree, at Alexander's Restaurant.

The daughter of Mr. and Mrs. Jon Tarpoff, 41 Terrace Lane, Miss Tarpoff will be married to Paul Dwayne Dickerson, son of Mr. and Mrs. Paul Dickerson on Nov. 8.

White wedding bells tied with red polka dot ribbon hung above an arched doorway and an original poster by Jane Franko was on display.

Prizes wrapped in white paper and tied with matching ribbon were awarded to Jayne Rozycy, Debbie Milla, Cindy Sneed, three of the bridesmaids, Melba Tarpoff, mother of the bride elect, Dorothy Dickerson, mother of the prospective groom, Mary Wallace, Donna Wilson, Debbie Evans, Carolyn Glass, Renee White, Vivian Gilchoff, Olga Tarpoff, Joan Wisniewski, Zoe Tatum, Elsie Rodell and Marguerite Lexow.

Others attending were Cheryl Cox, Tina Githoff, Vicki Mertz, three more bridesmaids, Jane Franko, Patsy Hewlett, Debby Palchiff, Van Stuart, Mayme Nowicki, Marion Lewis, Fay Zeff, Irene Louis, Lenore Milla, Kathryn Tretter, Eva Johannmeier, Lillian Crawford, Charlotte Frey, Olive Kalert, Ann Tatum, June Drew, Donna Theis, Terri Kay Crews, Suzanne Donaldson and Nancy Rixman.

BETROTHED. Miss Julianne Daniel and her fiancé, Stephen Carr. They will be married in an early November wedding ceremony. She is the daughter of David Daniel of Granite City.

ENGAGED. Miss Cynthia Ann Furtak and her fiancé, Matthew Hopke. Their engagement is announced by the bride elect's parents, Mr. and Mrs. Leo Furtak, 2541 Morrison Road. A fall wedding is planned.

Hopke-Furtak betrothal

The engagement of Miss Cynthia Ann Furtak and Matthew Hopke is being announced by the bride-elect's parents, Mr. and Mrs. Leo Furtak, 2541 Morrison Road. Parents of the prospective groom, Mr. and Mrs. Robert Hopke, reside at 4010 Rode Ave.

Shower fetes Miss Garino

Miss Marianne Garino was honored with a bridal shower at Nameoki Recreation Center. Hostesses for the event were Ruth Houser, Ruth Smith, Barb Wyatt, Alice Hunsinger and Carolyn Smith.

Miss Garino and David Milton will be married Oct. 25 at First Presbyterian Church. Decorations followed the wedding theme of maroon, pink and white. Refreshments were served and games were played.

Those attending included members of the wedding party, Kathy Small, Leslie Houser and the honoree's niece Tracy Mercer; the prospective groom's mother, Dolores Milton, and grandmothers Bessie Milton and Emma Davis, and the bride-elect's mother, Lucille Garino.

Also attending were Josephine Leone, Emma Margherio, Kim and Casey Margherio, Dee Mercer, Wanda and Kay LeMaster, Norma and Jan Lawson, Pearl Clinard, Laverne Mark, Cathy Hicks, Mary Rydigg, Jeanne Davis, Marilyn Robertson, Millie Chandler, Sophia Thomas, Tina and Stacy Thomas, Helen Smith, Lynn Cain, Jane Polaski, Kathy Robison, Arlayne Milton, Betty Rutkowski, Sharon Hillner, Ruth Bell, Rose Steel, Sharon Thomas, Betty Stegemeier, Jean Milton, Donna Asbeck, Sandy Hammond, Sallie Kirksey, Cathy Busch and Dorothy O'Dell.

Guild welcomes new member

St. John's Evening Guild welcomed a new member, Betty Nighossian, at its meeting last week.

A review of the book, "Aunt Emma's Cope Book," by Erma Bombeck, was given by Muriel Kratz.

A business meeting was held and devotions were presented, followed by refreshments.

The next meeting will be held Nov. 3, and will feature a talk by an exchange student.

Eldin Reas mark 25 years

The silver wedding anniversary of Mr. and Mrs. Eldin (Lois) Rea, 3216 Erin Drive, was celebrated at a reception held in the Fellowship Hall at the Church of God, 1208 West Panton Road.

Hosting the social affair were the children of the couple, Jeff, Becky and Jenny Rea and the Rev. and Mrs. Rich (Cindy) Goldizen of Mount Vernon, and Mr. and Mrs. Mark (Rhonda) Rea and son Richard of Ashley, Ill.

The hall was decorated in white, pink, blue and silver in keeping with the original wedding colors of pink and blue. The tables were bordered with ferns and decorated with miniature bride and groom figurines and vases of daisies.

Some of the wedding gifts and pictures were displayed. Approximately 25 guests

attended the service as the honorees repeated their wedding vows in the presence of the Rev. O. J. Cloninger.

Ronald Rea, Wayne Fuller and Mrs. Phyllis James, members of the wedding party.

Mr. and Mrs. Rea were married on Sept. 3, 1955, at Bethel Chapel on Dewey Avenue.

At the conclusion of the service, Miss Cindy Goldizen and Miss Becky Rea sang, "Whither Thou Goest," accompanied at the organ by Mrs. Sandra Stewart.

A two tier wedding cake, decorated in pink and blue and topped by a bride and groom figurine centered the refreshment table attended by Mrs. Dorothy Cloninger, Mrs. Arlene Brimm, Mrs. Norma Frost and Miss Sheila Sims.

Grant enables SIUE to buy modern science instruments

A willingness to share new scientific instrumentation by the engineering and chemistry departments at Southern Illinois University at Edwardsville may be one reason the National Science Foundation decided to approve a \$24,500 grant to try it.

"It certainly didn't hurt," said Henry Drew, professor of chemistry and director of the project. With the new instruments, SIUE students in both departments will be able to stay competitive, whether they decide to go on to graduate school or enter the job market, he said.

The grant, approved by the foundation's Instructional Scientific Equipment Program (ISEP), provides funds to buy sophisticated new analytical equipment and integrate its use into the regular undergraduate labs. The explosive advance in electronics in the last 10 to 15 years has left many underdowed universities behind, Drew said. The grant

program is designed to help bridge the gap between college equipment budgets and the need for students to keep up with the latest scientific advancements.

Drew said the new equipment will enable SIUE students to do chemical analysis at levels specified by the Environmental Protection Agency (EPA) and the Occupational Safety and Health Administration (OSHA). "We are talking about identifying one molecule in a billion," he explained.

With the new emphasis on hazardous waste control, pesticides and pollutants, scientists have found the old hand methods are not sensitive enough and will not be accepted by the EPA. "Now we have microcomputers to control the experiments at very low levels. It takes a very low level to find the danger," he said.

Drew said many of the new methods and instruments were unknown in a regular

lab five years ago. To insure the best selection, a committee of scientists in industry and education helped pick the final list for the grant, Drew said.

Consultants were Thomas Layloff of Granite City, director of the National Center for Drug Analysis in St. Louis; Stephen Hall, SIUE professor of chemistry and director of the Harvard Lung Study for St. Louis and E. Elgerley, president of Environmental and Engineering Consultants Inc.

Members from SIUE were chemistry professors John Spencer and Ron Viola, chairman Ralph Bain and engineering professor Harlan Bengtson.

The national ISEP award for SIUE is one of 216 grants funded by the National Science Foundation from 1,431 proposals in 1980. Drew said ISEP projects may not exceed \$25,000.

3 teachers hired in GC

Ronald Coleman has been hired as a Prather Junior High School physical education teacher and Christy Petrillo as a Granite City High School North mathematics teacher, effective Sept. 15 and Sept. 29, respectively.

The School Board hired Dean Franko as a kindergarten teacher at Niedringhaus and Lake schools, retroactive to Sept. 24.

Extracurricular assignments approved Tuesday night designate Bruce Cowan as an assistant baseball coach at GCHS South, Mike Waldo as an assistant boys' basketball coach at GCHS North, Gus Lignoul as North girls' softball coach, and Dean Boren as assistant boys' basketball coach at Grigsby Junior High School.

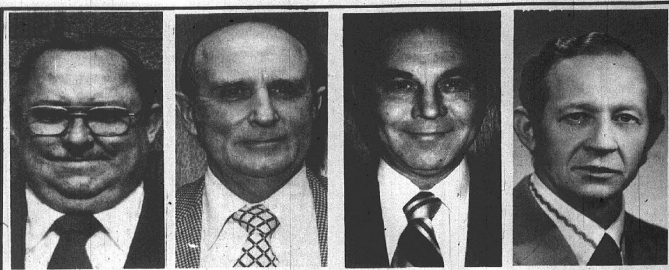

The salary of David Painter as a North assistant principal was set at \$1,000 above his scheduled salary as a teacher.

Robert Maxwell was named delegate and Thomas Mofsky alternate delegate to the semi-annual Illinois Association of School Boards convention Nov. 21-24 in Chicago. Proposed IASB resolutions are to be considered by the Board of Education at its Oct. 21 meeting.

Supt. B. J. Davis said after the meeting that more than 100 persons have been given mechanical aptitude tests this fall, with 39 passing and become potential custodians or substitute custodians. Possible revision of the testing approach is under consideration.

Piano tuning work was awarded to Greg Junker Piano Service on its low bid of \$11 per unit. About 50 to 60 pianos in various schools are to be tuned.

Acting on bids on duplicating supplies, the board selected Prairie Carbon and Ribbon to provide supplies costing \$3,672.

Democrats running for County Board

Democrats running for re-election to the Madison County Board Nov. 4 include Herbert "Junior" Milton, 49, Granite City, in District 22 and Roderick L. Bauder, 56, Venice, in District 23.

Seeking initial County Board terms are two other Democrats, Frank Dutko, 51, Madison, in District 24 and Richard L. Peck, 54, East Madison, in District 25.

No Republicans filed for the four board positions.

Bauder also was unopposed in the March 18 primary election. Milton Dutko and Peck won primary races the latter defeating Board Member Homer Boothman of District 25.

The District 24 position sought by Bauder was held by the late Arthur V. "Cooper" Moore, who did not seek re-election and died during the summer. Mr. Moore's wife was chosen to complete his board term serving for the remainder of the county's fiscal year ending Nov. 30.

Milton is seeking his third four-year term and says he wants to "continue working for modernizing and enlarging the Madison County Nursing Home. I also played a part in obtaining the new county jail which opened this year. I am on the County Buildings Committee, Personnel Committee and License Committee and have served on the

negotiating committee."

Milton has worked at Granite City Steel for 28 years and is a member of Steelworkers Local 67, Veterans of Foreign Wars Post 1390, Amvets Post 51 and Masonic Lodge 835. He has lived in the district for 32 years and is the father of five children.

Bauder was appointed to the County Board in 1977 and was elected to a two-year unexpired term in 1978. He has worked at Granite City Steel for 30 years and currently is a hot blastman in the blast furnace area.

He and his wife, Valda, have a son, Madison County Deputy Sheriff Roderick J. Bauder.

A lifelong Venice resident, the board member served in the Navy in World War II and is a member of Venice-Madison American Legion Post 307.

Chairman of the Environmental Control Committee, Bauder is a member of the Public Welfare Committee and the Sewer Committee.

Dutko is a member of the staff of the Madison County state's attorney. He was Madison police chief before retiring from the police department, and has 30 years' experience in public service.

He and his wife, Sara, are the parents of five children. He has

participated in numerous United Way drives and was a cancer crusade chairman for seven years. Dutko attended Madison schools, Northeast Missouri State College at Kirksville, Belleville Area College and the Police Training Institute at the University of Illinois.

A Navy veteran, he is active in the Nativity of Virgin Mary Eastern Orthodox Church, Madison Amvets Post 204 and American Legion Post 307.

In the primary campaign, he advocated "sound financial policy," asserting, "I don't believe the board should ever spend more than it takes in. I believe strongly that all elected officials should be accountable to the voters for their actions."

Peck, an employee of the Norfolk and Western Railway for 37 years, holds the position of cashier. He and his wife, Naomi, have two children.

A former Nameoki Township tax collector, he attended Madison schools and the Sumners College of Commerce. He served in the Army during World War II in the European, African-Middle Eastern and Asiatic-Pacific theaters.

Peck has pledged to serve on the County Board "with an open mind. I will do my best to support the people of the district, and I will do what I feel is right."

SIUE enrollment up 8 percent

An eight percent increase in the number of new freshmen, transfer students and graduate students attending Southern Illinois University at Edwardsville this fall

"and other encouraging developments" have led President Earl Lazerson to believe that the University is reaching its goal of stabilizing enrollment, which he announced a year ago.

On-campus enrollment, which includes the Alton and East St. Louis centers and resident centers at Greenville, Litchfield and Scott Air Force Base, is 9,832, compared with last year's total of 9,790.

In addition, the university expects to have 350 to 400 enrolled in extension courses, pushing total enrollment well beyond the 10,000 mark. Last year, only 163 were enrolled in extension courses. President Lazerson said approximately 175 of the gain this year is credited to extension courses being offered at Mt. Vernon and Marion by the School of Nursing.

Major increases are indicated in the new freshmen and transfer student categories, according to Eugene Magac, acting director of the Office of Admissions and Records. This year, there are 1,303

new freshmen and 761 transfer students, compared with 1,223 new freshmen and 725 transfer students last fall. New graduate students numbered 330 as compared to 274 last fall.

Not counted in the totals are more than 800 students enrolled at Military Airlift Command bases across the nation and approximately 1,750 enrolled annually in non-credit continuing education courses offered by the university.

President Lazerson expressed satisfaction with the report and stated, "The enrollment figures indicate we are approaching the goal we announced a year ago. Now that we have these students, the task before us is to retain them."

He continued: "With

student enrollment stabilizing, the university will be able to move ahead in both the scope and quality of its educational programs and public service activities."

Lazerson said he is optimistic about efforts of the university to respond to problems that have adversely affected enrollments and programs in the past. Solution of these problems will enable the university to direct its emphasis toward "scholastic achievement, providing a richer educational experience for all students, both on and off-campus," he said.

Fall quarter classes at the University began Sept. 22. Final examinations are scheduled the week of Dec. 8.

Grant to improve business education

Willie O. Pyke, chairman of business education and administrative services at Southern Illinois University at Edwardsville, has received a \$34,000 grant for a plan to integrate business education studies in this area.

The funds, approved by the Illinois Board of Higher Education, will help business teachers in area community colleges update their classes to fit the technical changes in the local job market or the advanced business education studies at SIUE.

Pyke said many classrooms have lagged behind the rapid technical advances in the modern business office, especially in the use of word processing. The grant will be used to set up a series of free professional workshops and

conferences for teachers at Belleville Area, Lewis and Clark and State Community colleges.

Funds will also be used to insure continuity in business education programs, allowing students to progress easily from high school to community college to advanced university study or the job market without duplications or omissions, he said.

A final research study to determine the needs for office personnel will be geared to this area, using local business firms. Pyke said the results of the study will guide teachers in improving instruction and making future projections.

This antique has a big appetite

The refrigerators of ten or twenty years ago must have been pretty well built because so many of them still work. But today they no longer work for peanuts.

That old refrigerator in your garage or basement may serve a purpose. It can keep drinks chilled or store the things that won't fit in the kitchen refrigerator.

But you should know that a vintage refrigerator—like most old appliances—can also add lots of watts to your electric bill. It was built when energy was cheap. Even when it was new it used more energy than a comparable new model does today. And its efficiency hasn't improved with age.

Today's refrigerators, like most new appliances, are built for efficient use of electricity. On modern appliances, you'll see a tag that tells you just how they rate for energy-efficiency.

For advice on using appliances that conserve energy, ask our Energy Use Advisor.

Geneva Williams and Buddy Watkins are wed

Miss Geneva L. Williams, daughter of Mrs. Mildred L. Buskirk, 3801 Lake Drive, became the bride of Army Private Buddy H. Watkins Jr., son of Mr. and Mrs. Buddy H. Watkins Sr., 172 Briarwood Lane, on Sept. 6, at Bethel Evangelical Free Church.

The Rev. John R. Widbin performed the double ring ceremony at 6 o'clock in the afternoon in a candlelight setting.

Nuptial selections included "If We've Only Just Begun," "You Light Up My Life" and The Wedding March.

For her wedding, the former Miss Williams selected a full length white gown designed with a Queen Anne neckline traced with lace motifs which were repeated on the fitted bodice and on the long sheer sleeves.

Her bouffant skirt was fashioned with a scallop drapery effect just above the hemline and fell softly into a cathedral length train.

She wore a lace bodice to secure her full length veil of bridal illusion and she held a cascade bouquet of all white roses intermingled with greenery.

Matron of honor Mrs. Rhonda Abel and the bridesmaids, Miss Sherry Watkins, a sister of the groom, Misses Patty and Debbie Williams, sisters of the bride, were attired in blue organza gowns.

Their floor length dresses were created with V-necklines accented with a double tier ruffle which fell over the shoulders to form short sleeves.

A gathered flounce bordered the hemlines and was caught up at the back to fashion a bustle effect.

Each attendant wore a cluster of yellow daisies and forget-me-nots in their hair and each held an arrangement of white carnations, yellow daisies and blue forget-me-nots.

Ricky Williams, a brother of the groom, served as best man. Groomsmen and ushers included Richard Watkins, another brother of the groom, Jim Williams, the bride's brother, Scott Sutton, the groom's cousin, Staff Sergeant William Houghton and Staff Sergeant Donald Schroeder.

Guests were received at a reception held at the Mexican Honorary Commission Hall and the rehearsal dinner was hosted at Bill Burns Restaurant.

The couple departed for a wedding trip to Lake of the Ozarks and will make their home at Fort Campbell, Ky.

Both young people are graduates of South High School. The bride also graduated from Missouri School for Deaf and Dumb. The groom is currently stationed at Fort Benning, Ga.

MARRIED. Army Private and Mrs. Buddy H. Watkins Jr. whose wedding was solemnized at Bethel Evangelical Free Church. Formerly Geneva L. Williams, the bride is a daughter of Mrs. Mildred L. Buskirk, 3801 Lake Drive.

Hurricane is circle topic

The Charity Circle of Niedringhaus United Methodist Church met in the home of Mrs. Joan Mucho, 2437 Adams St., last week and opened the session with the group repeating the Lord's Prayer led by the Leader, Mrs. Mable Gertsch. Devotions were given by Mrs. Mary Rouland entitled "Hurricane" from the book "Power of Prayer" by Frank Elbert.

The Co-leader Mrs. Doreen Vogeler gave the Least Coin Devotion written by Sherina Niles, taken from the book of Ruth. Reports from the nominating committee were given to the group and accepted.

The church's annual bazaar will be Nov. 14 and the ticket chairman for the Charity Circle is Mrs. Joan Mucho. Luncheon tickets are \$2.75, dinner \$4 and children \$1.25. The Women's Society are selling fruit cakes again this year and anyone interested should contact Mrs. Edna Stutch to order them, it was announced.

World Community Community Day will be held at Niedringhaus Church on Nov. 7, the leader added. The group was invited to Mrs. Vogeler's home for the November meeting.

Attending were Mrs. Mary Rouland, Mrs. Elizabeth Briggs, Mrs. Karan Ambuehl, Mrs. Dolores Vogeler, Mrs. Joan Mucho, and Mrs. Mable Gertsch.

Beta Nu hosts rushee event

The Beta Nu Chapter of Phi Tau Omega Sorority held its first rush season activity, a cocktail party, in the home of Mrs. Ivor Cowley of Venice, with the President Mrs. Andrew Modrusic in charge.

Miss Dorothy Hinson, past national president, and Mrs. John Hillmer, national sergeant-at-arms, told the members and guests about the sorority and its many activities.

There were three rushees present, Miss Sue Leaders of St. Louis, Mrs. Betty Rackley of Mount Olive, Ill., and Mr. Frank Cowley of Granite City.

Penny Gendron now Mrs. David Prengel

MR. AND MRS. DAVID PRENGEL, who exchanged wedding vows Sept. 6 at Our Lord's Lutheran Church in Collinsville. The bride, the former Miss Penny Gendron, is the daughter of Mr. and Mrs. Paul Gendron of Granite City.

Our Lord's Lutheran Church in Collinsville was the setting for the Sept. 6 nuptials of Penny Lee Gendron and David Mark Prengel.

The Rev. Robert Butler officiated at the double ring, candlelight ceremony.

The bride is the daughter of Mr. and Mrs. Paul Gendron, 2331 Zippel Ave. Parents of the groom are Mr. and Mrs. Fred Prengel, 1713 Venice Ave.

Organist Phyllis Talley and Vocalist Michael Kelly, a brother-in-law of the bride, provided the music for the 6 p.m. ceremony.

The bride selected a white gown featuring an accordion pleated skirt and long pleated sleeves cuffed with white lace. A bouillon bodice had a yoke of matching lace.

She wore a Juliet cap with a chapel length veil, and she held a silk bouquet of white roses accented in blue and lavender.

The maid of honor was the bride's twin sister, Paula Gendron. Bridesmaids were Lori Gendron and Mrs. Michael Kelly, sisters of the bride, Pamela Prengel, the groom's sister, and Jolene Mushill.

They were identical twins of mauve pink, styled with bouillon bodices and long full sleeves with lace inserts. Each carried a silk nosegay of white, blue and lavender flowers with baby's breath.

Larry Houston served as best man. Groomsmen were Barry Watson, Alan Prengel, a brother of the groom, Eric Kirschner and James Harlan.

David Dorch and Scott Kirschner were ushers. Diane Dix attended the guest book. Also attending was Robert Moore.

Mrs. Gendron, the bride's mother, wore a silk apricot dress with cape sleeves and a long full skirt. The groom's mother, Mrs. Prengel, selected a rust qiana gown with a tiered skirt. Both wore corsages of white silk gardenias.

A rehearsal dinner was held in the groom's home and the reception was held at Polish Hall.

The bride attended Granite City High School South and Belleville Area College. She is employed at Fashion Gal. Her husband graduated from North High School.

The newlyweds are now residing in Granite City.

Sorority council plans programs

Programs and events planned for future meetings was the main topic of discussion at a meeting of the Granite City Council of Beta Sigma Phi Sorority, held in the home of President Betty Beck, last week.

A registry of meetings, addresses and hostesses for all chapters for the forthcoming year will be maintained by Delores Dorch, it was announced. This project will enable members to attend makeup meetings and not lose their attendance record, the president explained.

Janet Monaghan reviewed plans for the all chapter fall rush party scheduled for Oct. 29 at 7:30 in her home. Games will be played and refreshments served. Each member is to bring a white elephant gift.

Mrs. Monaghan said. Representatives attending their chapters were Leoma Macke, Carol Moerlin, Nur Zeta, Waneta Graham, Betty Beck, Pi Eta, Mrs. Monaghan, Judy Bartel, Xi Epsilon Chi, Pat Tsigoloff, Jean Forrest, Marilyn Lumpkins, Delores Dorch, Preceptor Beta Gamma.

After the session the hostess served a dessert luncheon.

Program on food additives given at homemakers meeting

June Lux and Florence Rapp presented a lesson on food additives at the meeting last week of the Trio Unit of Madison County Homemakers Extension.

Purpose of the lesson was to educate homemakers, currently concerned about food additives, what food additives are and how they are tested for safety.

Vivian Forshee, health and safety chairman, reported on fire prevention and how to treat burns. The local fire department provided fire prevention booklets.

Pat Mitchell and Helen

Townse volunteered to deliver mobil meals for a community service project. Craft day will be held Nov. 4 at 10 a.m., according to Cultural Arts Chairman Helen Townse.

The district meeting, scheduled Nov. 17 at Hope Lutheran Church, will feature a style show on figure flattery.

Games were played and prizes were awarded to Pat Mitchell. Genevieve McComis and Lucy Stewart, hostesses for the day were Lucille Sackett and Helen Miller.

Delaloyes visit family members

Sgt. 1st Class Thomas A. Delaloye and his wife, the former Miss Waltraud Moller of Geissan, Germany, last week for Fort Lee, Va., after spending the month of September with his parents, Mr. and Mrs. Herman Delaloye of Granite City and his brother, Gary Delaloye of Union, Mo.

Sgt. Delaloye completed his second four-year term in Germany. While there he was promoted to sergeant first class. He will now go to school for nine weeks at Fort Lee, to study logistics.

He has been in the service for 12 years and plans to make it his career.

Harris carnival set for Friday

Plans for the Harris School Carnival were discussed at the September meeting of Madison Mothers' Club. The carnival will be held Friday, Oct. 17, from 6 to 9 p.m. at Harris School, Seventh and Alton streets, Madison.

The different games chosen for the carnival will include several new games: spider spin, monster skill game, duck pond and magical maze.

Other features include lollipop tree, kid's bingo, cake walk, pie-eating contest and skull ring toss.

A country store booth featuring hand-made crafts and a raffle table including various donated items from area businesses will be available to the public. Popcorn, hot dogs, snow cones and drinks also will be offered.

Benefit today for Rey's Syndrome

Boy Scout Troop 7 will sponsor a benefit hot dog stand at the Mini-Mall in Crossroads Plaza today from noon until 4:30 p.m.

All proceeds will be donated to the Rey's Syndrome Foundation to fight the disease. The benefit is being planned by Steve Kusnierczak, senior patrol leader, for his Eagle rank service project.

Hot dogs will be served for 50 cents and plates, lunches, sandwiches, potato chips and soda, will cost \$1.

Guild hears plans for St. John bazaar

Plans for the annual bazaar and chicken dinner at St. John United Church of Christ, scheduled Sunday, Oct. 19, were reviewed at last week's meeting of the Afternoon Guild.

The bazaar and dinner will take place from 11:30 a.m. until 5:30 p.m. Oct. 19, with the public invited to attend, according to Ruth Jensen, guild president.

Tickets, currently being sold for the dinner, cost \$3.75 for adults and \$2 for children between the ages of 5 and 10 years. No charge will be made for youngsters 4 years old and under.

Homemade apple butter and handcrafted items will be offered at the bazaar, she said.

Prior to the business session, 30 guild members were served a dessert course by the hostess committee, headed by Mildred Landwehrmer.

The program was given by Clara Winter, who spoke on the care of garden and house plants.

Eileen Anderson led the devotional service.

Mrs. Jensen announced that Clyde and Mae Lee will present a talk and a display of quilts at the Afternoon Guild's Nov. 9 meeting, when members of the Evening Guild will be guests.

A dessert course will be served at 12 noon on that date, with the meeting commencing at 1 p.m.

Ousleys host party for son

Mr. and Mrs. Joseph (Sandra) Ousley, 1637 Minerva Ave., entertained at their home last week in celebration of the first birthday of their son, Christopher Martin.

A "Teddy Bear" theme prevailed in the party appointments.

The hostess served a buffet supper to relatives and friends.

Among the guests were Christopher's sister, Miss Cheryl Ousley, and his paternal grandmother, Mrs. Beulah Grandy.

Also attending were Miss Joyce Ousley, Mr. and Mrs. Herb Ousley and son, Chad, Mr. and Mrs. Robert Carbaugh, Miss Beth Ann Carbaugh.

Mrs. Scott Cobb and children, Sarah and Eric, Mrs. Lynn Hester and daughter, Amy, Mrs. Wilma Gilham.

Mrs. Herbert Gilham and daughters, Vonnice and Elisha, Mr. and Mrs. Arthur Hester, Mrs. Esie Eads, Mrs. Gladys Murphy and Lloyd Ousley.

State offers grants for fire fighting equipment

A bill to provide grants for fire protection equipment to local governments, sponsored by State Rep. Wyvett H. Younge and Senator Kenneth Hall, both East St. Louis Democrats, has been signed into law by Governor James Thompson. House Bill 2837 authorizes the state fire marshal "to disburse federal grants for fire protection purposes to units of local government."

As defined by law, "local government units" include counties, municipalities, townships and special districts.

Representative Younge introduced the legislation almost a year ago as a follow-up of previous efforts to gain state help for local firefighters.

"These dedicated men should not find themselves in need of vital equipment and protective gear which their departments must have, but sometimes cannot afford,"

She told legislative colleagues.

"Their resourcefulness and response to our perils from fire should be a concern of the state, and through this legislation I hope we can provide them with some of the life-saving tools they need—both to protect us and themselves," she concluded.

Advisory vote would delay bus decision past deadline

There are indications that an April 1981 referendum on bus taxation may be considered at the October meeting of the Madison County Board on Wednesday. This would be a serious mistake.

It is clear that many board members don't want to act directly on the mass transit district proposal before the Nov. 4 election, when half of the board will be chosen by voters.

If this is their thinking, they can assure non-action on the "hot potato" issue this week simply by not acting on the district proposal. Their real deadline is Dec. 31, not Nov. 4, anyway.

But no referendum is warranted; the Illinois General Assembly wisely avoided making this a requirement of the enabling law it adopted.

It is true that state legislators in a sense "passed the buck" to the county legislators in Madison, St. Clair and Monroe. But "the buck" has to stop somewhere, and passing it to the voters is inappropriate, since they could not possibly act on the matter in time, no matter their decision be automatically binding.

Richard Worthen, a County Board member from Alton, reports finding among the public no support whatever to enact this (1/4 of 1 percent sales) tax. He accurately notes that there has been public criticism of the Bi-State Transit System regarding lack of ridership, late buses, broken down buses and non-working air-conditioners.

But William Haine, another County Board member from Alton, correctly points out that a Legislative Committee proposal for an April advisory election "looks like a non-decision, but it really

would be a decision to virtually end bus service by Dec. 31."

He adds, "I'm not happy about the way the act was written, nor about the imposition of a sales tax, but I'm not sure our area can afford to allow bus service to be abolished. A great number of women and elderly use it. The way gasoline prices are, along with the possibility of a gasoline shortage, we may wake up next year without any means of transportation besides the auto."

"I'm not sure our business environment would be well-served by deciding against a mass transit district. People should be given a chance this fall to share their feelings about whether the board over Ronald Reagan in Illinois, with 22 percent of voters undecided and 13 percent favoring John Anderson. The president will appear at a 'town meeting' with 2,000 citizens at 7:30 tonight at the University of Missouri-St. Louis, after visiting the Old Ben Coal Mine near West Frankfort. Former Gov. Reagan will descend Saturday into the deepest mine in the world, operated by the Peabody Coal Co. at Paynes, near Springfield, after stopping at his alma mater, Eureka College, and possibly holding a rally at the Gateway Arch."

The same Illinois lottery number, 056, was drawn on both Thursday and Friday, a rarity.

Ronald Davinroy, Republican Congressional nominee, will speak at a "pro-life, pro-family rally" at 7:30 p.m. Friday at the Granite City Republican headquarters, 1933 Edison Ave.

A \$50 a plate fund-raising buffet dinner honoring Don Weber, Republican nominee for state's attorney of Madison County, is set for 6:30 p.m. Friday at Sunset Hills Country Club. Lieut. Gov. Dave O'Neal, U.S. Senate nominee, will speak.

Madison County juvenile detention home officials say the cost would be prohibitive to correct four instances of non-compliance cited by the state, which urges toilets, wash basins, hot water and pillows in every room and tamper-proof light fixtures.

The Madison County Housing Authority board Thursday night rejected by a 21 vote U.S. Housing and Urban Development Department restrictions on the 1980 budget and asked the board to approve the operating budget without conditions or understandings. The U.S. has cut out \$17,625 monthly subsidy until a disputed attorney fee of \$9,600 is settled, and the lack of federal approval of the budget is delaying employee raises.

News notes

The Illinois Budget Bureau projects a 1980 state population of 11,243,917, compared to 11,196,978 in 1975.

Michael Mance, 29, of the 2800 block of Iowa Street, Granite City, was released from St. Joseph Hospital, Kirkwood, Saturday after being injured when a single-engine airplane crashed a mile southwest of Weiss Airport in Fenton Thursday at 7:15 p.m. Still hospitalized, he is recovering from a broken leg and a broken arm. The pilot, Clifford Simmons, 37, of Maryland Heights, and Melvin Friesen, 40, of Newton, Kan. There were two empty fuel tanks; two other tanks had fuel, but switches controlling the fuel flow were turned on to the empty tanks. The plane was flying from Nashville, Tenn., to Weiss Airport and Simons was attempting a low-altitude emergency landing in a field. The crash knocked loose the propeller and nose cover.

A Chicago Tribune poll shows President Jimmy Carter holding 34-29 lead over Ronald Reagan in Illinois, with 22 percent of voters undecided and 13 percent favoring John Anderson. The president will appear at a "town meeting" with 2,000 citizens at 7:30 tonight at the University of Missouri-St. Louis, after visiting the Old Ben Coal Mine near West Frankfort. Former Gov. Wickes corporation promotes Hamilos

Chris A. Hamilos has been named director of corporate marketing services. It was announced last week by E. L. McNeely, chairman and chief executive officer of Wickes Companies, Inc., San Diego, Calif. Hamilos reports to Lloyd J. Russell, vice president, corporate development, which includes corporate planning and corporate marketing services.

Hamilos joined Wickes in 1979 as a marketing research manager. Previously, he was research director of the marketing division of Doane Agricultural Service.

He received his bachelor degree in mathematics and a master degree in experimental psychology from Southern Illinois University. He is a member of the American Marketing Association.

Pedestrian hurt

Roy Wallace, 23, of 867 Russell St., Madison, was struck, by an auto driven by Richard A. King, 33, of 73 Venice Homes, Venice, at 1:13 a.m. Saturday in the 100 block of West Second St., Madison.

Wallace was taken to St. Elizabeth Medical Center and then transferred to Firmin Desloge Hospital, suffering with two broken legs and a possible skull fracture.

King was charged with reckless driving and released after posting his driver's license as bond.

Intense opposition to the two Granite City school election proposals Oct. 25 occurred at a citizen meeting attended by 11 persons Friday evening at the Edwardsville Holiday Inn.

Apparently believing that the bond proposal involves expansion rather than renovation of aging schools, James L. Tobin of the Chicago area told the gathering, "Despite an average annual decline of 500 students, District Nine wants you to approve a bond issue to build more facilities."

"Why do the schools need more buildings? They don't," he said. "It's just another bureaucratic bond issue."

Tobin said in claiming he has helped defeat 38 of 40 Illinois school tax proposals in the past several years.

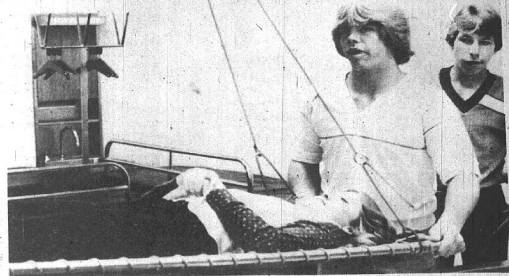

"Enrollment decreases should mean a tax cut, not an increase. Let's stop continued building. Let's teach District Nine a lesson: When enrollment declines, spending must decline too."

He contended that the average school cost per student in Granite City rose from \$1,800 in 1977 to \$2,175 in 1979.

No one spoke favorably on the proposed 24-cent tax rate for \$2,900,000 in bonds and 10-cent hike in the building fund rate limit. Several members of the audience indicated they agreed with Tobin's "vote No" appeal.

Tobin spoke for the Angry Taxpayers Action Committee, a political action affiliate of the National Taxpayers Union of Illinois and National Taxpayers Union. Also speaking was his assistant, Richard W. Suter, who estimated that the owner of a \$50,000 home could save \$69 a year by rejecting the Oct. 25 proposals.

Suter and Tobin criticized the present with Illinois real estate property tax system because "the effect of inflation is automatically built into the fair market value

Opposition to schools' tax election

By BILL WINTER

Intense opposition to the two Granite City school election proposals Oct. 25 occurred at a citizen meeting attended by 11 persons Friday evening at the Edwardsville Holiday Inn.

Apparently believing that the bond proposal involves expansion rather than renovation of aging schools, James L. Tobin of the Chicago area told the gathering, "Despite an average annual decline of 500 students, District Nine wants you to approve a bond issue to build more facilities."

"Why do the schools need more buildings? They don't," he said. "It's just another bureaucratic bond issue."

Tobin said in claiming he has helped defeat 38 of 40 Illinois school tax proposals in the past several years.

"Enrollment decreases should mean a tax cut, not an increase. Let's stop continued building. Let's teach District Nine a lesson: When enrollment declines, spending must decline too."

He contended that the average school cost per student in Granite City rose from \$1,800 in 1977 to \$2,175 in 1979.

No one spoke favorably on the proposed 24-cent tax rate for \$2,900,000 in bonds and 10-cent hike in the building fund rate limit. Several members of the audience indicated they agreed with Tobin's "vote No" appeal.

Tobin spoke for the Angry Taxpayers Action Committee, a political action affiliate of the National Taxpayers Union of Illinois and National Taxpayers Union. Also speaking was his assistant, Richard W. Suter, who estimated that the owner of a \$50,000 home could save \$69 a year by rejecting the Oct. 25 proposals.

Suter and Tobin criticized the present with Illinois real estate property tax system because "the effect of inflation is automatically built into the fair market value

assessment scheme." They contended that this gives the school district "windfall taxes."

Members of the audience were critical of the district's efforts to encourage "Yes" votes and questioned whether any expenditures for such purposes could be legally justified.

Tobin said many school systems attempt to pass tax elections by providing little information on them to news media. Joseph Mitchell, a Granite City area opposing the school proposals, said the opposite has been the case here, with massive coverage occurring, but that opponents of government proposals have difficulty getting their views aired.

Mitchell said he opposes school spending policies, including convention trips. Norman Hall, former School Board member, cited the small turnout at the meeting and questioned whether Friday's event had received adequate advance notice. There were pre-meeting articles in the Press-Record and two St. Louis newspapers. Some felt the meeting location outside the Granite City district may have been a factor in the attendance.

School Supt. B. J. Davis said last week that the referendum was the first indication he had received of organized opposition to the special election.

Those present Friday night assailed the decision to conduct voting from noon to 7 p.m., saying morning hours should be utilized. They criticized the makeup of the Citizens Advisory Council that has urged passage of the referendum, saying that such a group may be largely "self-appointed."

Donald Gargac, a past candidate for the School Board who attends many board meetings, was present and voiced displeasure that school officials had let buildings deteriorate, despite the financial status. He said repairs are needed but a bond issue may not be

the best approach. Circulars urging negative votes were distributed to the gathering and are to be handed out to shoppers between now and the election day.

Tobin, who has been active in seeking Madison County tax rate reductions, claimed credit for inclusion of three such proposals on the Nov. 4 ballot. As in past county meetings, he characterized most people in government as "thieves and robbers" so greedy and insensitive that they drive some senior citizens to despair and even suicide.

Tobin devoted part of his presentation to federal and state taxes.

He said there is excessive taxation at all governmental levels and offered to return to develop tax cut proposals for April 1981 elections.

Tobin concluded, "A major problem in getting massive property tax cuts in Illinois is the school tax. Districts are exempt from 25 percent reduction initiatives, which is unfortunate because they are the most inefficient units of government."

"All the tax takers—school teachers, municipal employees and others—are well organized, with full-time paid lobbyists in Springfield. Taxpayers, who pay all the bills, are the only people not organized."

DANCE TO AID ALPHA CENTER Alpha Center for women will hold a fall benefit dance Saturday, Oct. 18, at the Knights of Columbus Hall, 21st Street and Edison Avenue. The Third Wind will provide a variety of music from 6:30 p.m. to 12:30 a.m. Beer, setups and popcorn are provided for the \$15 per couple donation. The Alpha Center Board, with the help of local groups, is now furnishing a house for pregnant women in need of some. Alpha Center hopes to open before the end of the year.

Labor viewpoint—Smaller Ill. House too conservative

Guest comment by Southern Illinois Labor Tribune, official AFL-CIO newspaper—Passage of the proposed "cutback amendment" to the Constitution, according to Illinois AFL-CIO President Robert Gibson, would virtually assure perpetual conservative dominance of the Illinois House of Representatives.

In a speech to the Illinois state labor federation in late September, Gibson said the proposal would create a permanent conservative majority in the General Assembly, handing control of the House to a coalition of "conservative Chicago Democrats and ultra-conservative Downstate Republicans."

There is a grim irony in this, Illinois is in many ways among the most progressive states, boasting jobless and workers compensation benefits which have few peers in the nation. But Illinois has achieved these and other benefits while assuring by Constitution that the voice of the minority was heard in the House deliberations.

The state's unique cumulative voting system requires that at least one of the three representatives from each

legislative district be a member of the minority party.

The "cutback amendment," which would reduce from 177 to 118 the members of the House of Representatives, would devastate the Madison-St. Clair counties area's progressive legislative delegation to Springfield.

If the amendment passes, either Gary Hannig or John Sharp will be ousted from the 4th District (in 1982). Hannig has a 95 percent AFL-CIO Committee on Political Education rating; Sharp has 89 percent. In the 56th District, Michael Slape with his 89 percent COPE rating would be ousted. Slape is retiring from office permanently.

In all, the State AFL-CIO estimates that 35 of the 56 out-bus service representatives (Democratic and Republican) supported by labor would be removed from office. The conservative elements in the state would lose far fewer votes than they would gain.

Other legislators who would be eliminated include Harold D. Katz, Eugene Chapman, Susan Catania, Edward F. Kuehler, Thomas J. Hanahan, E. J. Giorgi, Richard H. Brummer and House Speaker William A. Redmond.

Financial voting record hidden

To the Editor:

An example of gross mismanagement and contempt for self-imposed rules is unfolding as Congress continues to ignore the

Second Concurrent Budget Committee's fiscal year 1981 (October 1980-September 1981) with no spending, taxing or deficit limits.

Foreign investments present real danger

To the Editor:

Please help to awaken the public of the great and Good Old U.S.A. to the danger of foreign investments. I have tried very hard but I need a lot of help.

I am enclosing a copy of an article in a newspaper that scares me as it should every citizen of our beloved U.S.A. Why should we be so merciful to small or large nations on earth? Maybe Lindberg's isolationism is

the answer? I have been a Lindberg isolationist for many years, but who publicly espouses these views? Why not?

We better wake up before it's too late. Reading between the lines, foreign owners can sell our domestic oil (minerals, etc.) anywhere it wants and when it wants, when they get under wraps and ready to go. Its elegantly termed enthusiasm.

LUCIE KOVACHICH

Must look to our future

To the Editor:

One of your correspondents very properly sounded a note of sadness and alarm over the destruction of birds in our community.

Even worse is the destruction of babies by abortion. Those children should be our hope for the future. They would take care of us in our old age and pay our social security out of their wage packets, since the politicians are already squandering the money which should be available to

pay those benefits. While the slaughter of the innocents in this way and age of the Party Worship will no longer raise an eyebrow, we must look to our future. The traditional Judeo-Christian charity may not be available to take care of the children. We had better make other plans. Don't forget the welfare experts have their solution under wraps and ready to go. Its elegantly termed enthusiasm.

SUZANNE BAGGOT

the private sector conducted its business in a highly irresponsible manner; the private economy would be in a shambles, much like the fiscal policy of our federal government.

With the deferral of the decision to set spending, taxing and deficit limits, it becomes apparent that those members of Congress who are seeking re-election are afraid to run on their fiscal voting record and are willing to violate the Budget Act of 1974, which requires passage of the resolution by Sept. 25.

It is an unwise decision on the part of Congress because voters in this country will ignore this abdication of responsibility.

We strongly urge Congress to stop violating its own law and adopt taxing and deficit limits for FY 1981 before the election.

We further request that these levels reflect the absolute necessity for fiscal restraint, tax relief and a deficit well below the \$40 billion proposed by the administration.

A new look for Ervay's

By MICK STRANGE
of the Press-Record

For the third time, R. H. "Dick" Ervay has shown faith in the Quad-City area as a massive remodeling and expansion of his restaurant has been completed.

Ervay's restaurant, 2220 Pontoon Road, now open, has a complete new look, menu and atmosphere.

Ervay first broke ground in 1965 and opened a Dug N Suds franchise restaurant. In 1972, he opened another restaurant in Edgemoor, but sold it to enlarge his Granite City restaurant. In the early '70s expansion, he added an inside restaurant, doing away with the drive-in section and enlarging the parking area. The dining room seats 180 people and is decorated in a smoked gold mirror image, all new fixtures, carpeting, tables and chairs.

Ervay created several new jobs with the expansion and change in restaurant style, going from 18 employees to 35 employees.

The menu features entrees from hamburger to prime rib, stuffed

flounder and lobster tails. A large steak selection and pasta also are on the menu, with prices designed for the family budget.

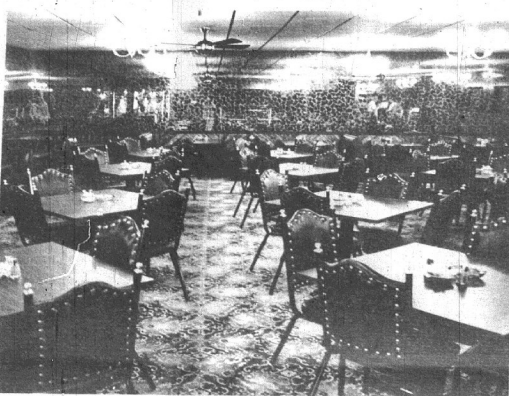

The kitchen has undergone a complete change. It is a larger and all-new facility.

Patrons who wish may order their favorite cocktails, Ervay said. Ervay and his wife, Jo, have three grown children and have lived in Granite City since 1946. He is past chairman and serves on the advisory board of the Granite City School District Off-Campus Education program.

He currently is treasurer of Almad Shrine Temple and was past president in 1979. Ervay is also the past president of the Tri-City Shrine Club.

The newly-reopened restaurant is open seven days a week, from 6 a.m. until midnight. "All three times I've built and remodeled were in what many would call hard times, but things have always worked out. I feel this new restaurant will work out. Our area needs good restaurants, locally owned, and good competition really helps us all," Ervay said.

Working with Ervay's is Chef Walter Mathews. Jackie Smith is the manager.

Public aid increasing

Those on public aid in Madison County have increased from 17,055 a year ago to 18,028 in August, a difference of 5.6 percent.

Illinois public assistance rolls have risen 3.6 percent, by 33,377 persons, between August 1979 and August 1980, it was announced this week by Public Aid Director Jeffrey C. Miller.

"During the last legislative session, we predicted our caseload would increase due to the nationwide economic downturn. The figures show the recession is not over for a significant number of Illinois residents," Miller said.

While the nation's unemployment rate has dropped, many persons who have been unemployed for a long period of time have lost their connections with the work force and are no longer counted as unemployed. Many of these same persons are now receiving public aid, he added.

In August 1979, there were 944,163 persons receiving assistance statewide, compared with 977,740 persons in August 1980.

Public aid rolls reached their highest point in March 1976, when 1,097,336 persons received aid. The lowest caseload total in recent years was reached in November 1979.

The number of recipients in Cook County increased by 7,344 persons (1.1 percent) over the one-year period, while Downstate (including collar counties) totals increased by 26,233 persons (9.9 percent). Cook County accounts for about 70 percent of the total number of persons on public aid.

Caseload totals include persons receiving aid to families with dependent children (AFDC), state supplemental payments to the aged, blind and disabled, medical assistance and (in Chicago) general assistance. The general assistance program is administered locally in Downstate counties.

Arrest woman after theft

Mrs. Sandy Gibson, 4210 Kirkpatrick Homes, was awakened at 2:15 a.m. Friday by her 13-year-old son, who said a heavyset blonde woman was standing in the kitchen.

The mother said that by the time she got downstairs, the woman was no longer there and the door was open. An initial inspection of the home disclosed a digital clock radio was missing.

At 4 a.m. Friday, police officers found Laurie Braman, 19, of 1911 Sken St., Madison, into custody, sitting on the front steps of the home in the 400 block of Kirkpatrick Homes.

Officers were told Mrs. Gibson's son was sleeping on the couch in the living room when a loud noise awakened him and he saw a woman standing near the refrigerator, holding several items.

He thought he recognized the woman as one he had seen previously in Kirkpatrick Homes, but police were unable to find her in the project.

At 3:55 a.m., the police dispatcher was told a person whose description matched with the boy's report was walking near the 500 block of Kirkpatrick Homes and the woman was picked up.

Probation on track bribe

Greg Lance has been sentenced by Circuit Judge Victor J. Moselle to six-month probation for failure to report a bribe in connection with a horse race. A bribery conspiracy charge initially was filed Jan. 8.

Lance, 27, of Belmont, Ill., was one of the horse drivers charged after allegations that an effort was made to "fix" the outcome of a trike race at the Fairmount Park race track.

BAC expects to avoid tax anticipation

No borrowing is currently planned by Belleville Area College for 1980 or 1981.

A budget of more than \$10 million was approved by the BAC Board of Trustees at a meeting called especially for a public budget hearing in late September.

About \$2,500,000 of the budget funds will come directly from taxpayers in the college's 2,000-square-mile district.

A tax levy estimated to require a rate of slightly over 19 cents was approved at the special meeting. The levy includes tax income for the educational and building funds and for tort liability, workman's compensation, unemployment insurance, and financial auditing.

Other sources of income are the replacement tax for corporate personal property, credit hour grants from the state, equalization grants from the state, and tuition and fees.

Some funds are expected to come from the Illinois Office of Vocational Education, and it is anticipated that more than \$600,000 will be generated in interest on investments.

Vice-President James J. Hines indicated that he expects a balanced budget. The board entered the year with a balance of slightly more than \$200,000 from the 1979-80 fiscal year.

Although the BAC trustees last year gave approval for issuance of tax warrants if they were needed, none have been issued to this date in the history of the college.

The present administration does not foresee the necessity of tax warrants during the 1980-81 fiscal year, a spokesman said. Operating revenue and its expected sources are: \$2,183,146 from the local level; \$4,227,765 from the state government; \$175,000 from the federal government; \$2,782,292 from tuition and fees; and \$200,640 from investments, facilities revenue, and miscellaneous items.

The portions of the budget for specific items are as follows: salaries, 75 percent; employee benefits, 3 percent; contractual services, 5 percent; materials and supplies, 5 percent; conference and meeting expense, 1 percent; fixed charges, 2 percent; capital outlay, 2 percent; and other charges, 2 percent.

The budget includes a \$50,000 contingency in the educational fund and a \$25,000 contingency allocation in the building and maintenance fund.

Hines noted that with completion of the Phase III building program, the site and construction fund will be eliminated.

The building completion will mark the end of the \$3,250,000 bond issue approved by voters in 1967 for the college's master plan.

GUEST STYLIST, Zavon, of the Cut Ltd., Chesterfield, Mo., conducted a hairstyling class at the Lion's Mane, 3900 Nameoki Road, last week. He is originally from Canada and has attended numerous international hairstyling conferences. Zavon is recognized in the hair styling field for his creativity. He is shown demonstrating a short cut for an avant garde look, one of several styles he demonstrated. Fred McColgan and Jon Bell, co-owners of the Lion's Mane, were among those at the class.

Charged in apartment choking

James Hotz, 46, of 2013A Grand Ave., was charged with aggravated assault and battery following a disturbance in the apartment building in which he lives, last week.

John Buckingham, who resides in another apartment at that address, alleges that Hotz was strangling Sandra Jones, another resident of the building, when Buckingham returned home. When he attempted to get

Hotz to quit choking the woman, Hotz allegedly grabbed a knife from the kitchen sink and cut Buckingham's right arm.

Police arrived and attempted to arrest Hotz, who allegedly pulled away from officers. A minimum amount of force was used to arrest him. Sandra Jones, who had finger marks visible on her throat, according to police, signed a state against assault complaint against Hotz and Buckingham signed a battery complaint against him.

Calls lead to driver's arrest

A total of 22 complaints of a car being driven in a reckless manner was received by the Granite City police dispatcher from residents in the vicinity of the 2200 block of Washington Avenue last week resulted in the arrest of two men.

Officers responding to the calls allegedly saw a white auto turn the corner from 21st Street onto Niedringhaus Avenue at high speed, with the vehicle swerving sideways in the street.

Carley Ray Ezell, 23, Doniphan, Mo., who allegedly was operating the car, was arrested and charged with driving while intoxicated and reckless driving. He became combative at police headquarters and had to be subdued by officers.

Randy L. LeMaster, 17, of 250 Benton St., who was told to leave the police station, but allegedly began arguing with officers and was charged with violating the city's curfew law.

Serve warrants on GC man, 20

Glendal F. Jackson Jr., 20, of 3601 Kirkpatrick Homes, was arrested on three warrants last week at Granite City police headquarters.

The warrants, stemming from incidents allegedly occurring earlier this year, charged Jackson with perjury for allegedly using a false driver's license, a fake name and birth date, battery and criminal damage to property. The latter two were issued on complaints signed by two women.

Jackson appeared before a judge and bond was set at \$2,000. A mittimus was issued and he was released to sheriff's deputies for transfer to Madison County Jail.

DAMAGE DISMISSAL
Associate Judge P. J. O'Neil has dismissed an Aug. 14 charge of criminal property damage against Michael Dunnivant, 26, of 1928 Beckwith St., Madison.

"Weekend" athletes find nutrition important, too

Suddenly they're everywhere—weekend athletes, that is. America's been bitten by the fitness bug, and people who used to watch football from an armchair are now jogging through local parks, playing a fast game of tennis, or swimming serious laps in the neighborhood pool.

Trouble is, many of these weekend athletes know little or nothing about training their bodies for the new challenges they're encountering. In hopes of making every second of a limited exercise program count, these people may fail to warm up, over exert, or embrace food fads rumored to enhance athletic performance.

Where does the weekend athlete go wrong? "In trying to follow the same habits as the professional athlete," says Dr. Irving Glick, official physician of the Chiquita Cup International Young Masters Tennis Tournament.

"Professionals usually work out under the supervision of a trainer, physician, or nutritionist. They realize their bodies need special attention, particularly in the area of diet."

Snacking choices are an area where those with no nutritional background often stumble. Dr. Glick explained, "Some weekend athletes tire easily because their bodies are not yet in shape. They reach for a candy bar to supply a quick burst of energy, but they soon experience a drop-off—a kind of post-sugar letdown."

"I suggest trying a healthy snack such as a banana. Being a complex carbohydrate, it supplies a steady flow of energy without the peak and drop-off effect of simple sugars."

Precisely because bananas are an ideal snack for athletes—be they of the weekend or more serious variety—Chiquita Brands, Inc. (Chiquita® is a registered trademark of United Brands Co.) thought it appropriate to sponsor the recent Chiquita Cup International Young Masters Tennis Tournament in New York's Central Park.

Young men and women from 16 countries competed in Davis/Federation Cup style, recharging their energy between matches with what they came to call "banana breaks."

TAKING A "BANANA BREAK" is one way to boost your energy and replenish your body's supply of minerals after strenuous exercise. According to Chiquita Brands, Inc., bananas are a good source of iron, potassium and magnesium, and contain 75 percent water, making them an ideal snack for athletes.

Whether you're as serious an athlete as the Chiquita Cup competitors or someone who's just entering an exercise program, you can learn a lot about food and fitness from a booklet authored by Dr. Glick and published by Chiquita Brands, Inc. Titled "Eating For Fitness," it is available free of charge to those who send a request and a self-addressed stamped #10 envelope to: "Eating For Fitness," Chiquita Brands, Inc., Dept. M, 1271 Avenue of the Americas, New York, NY 10020.

In addition to advice for both the weekend and serious athlete, this booklet contains a suggested eating plan plus nutritious recipes such as the one for "Fruit Cup with Ginger Ale Snow" given below.

FRUIT CUP WITH GINGER ALE SNOW

1/2 medium cantaloupe
 2 Chiquita bananas, peeled and sliced
 1/4 cup orange juice
 1 teaspoon sugar
 1 bottle (10 ounces) ginger ale (1 1/4 cups)

Remove rind from melon. Cut pulp into 1" squares retaining juice; combine melon, juice, sliced bananas, orange juice and sugar.

Toss gently; chill. Pour ginger ale into a 9" cake pan.

Freeze about one hour or until partially frozen.

Break up with fork and top fruit that has been placed in dessert glasses. Makes 4 servings.
